

**School of Management
Philosophy for Tenure and Promotion Recommendations**

The School of Management consists of Business and Economics (undergraduate and master's programs), Health Systems Management (masters only) and Fashion and Textiles (baccalaureate).

Teaching, Scholarship, and Service

National recognition within the department includes recent acknowledgment by academic peers that the teaching, scholarship, or service that is performed by the candidate is worthy within the broader discipline. Examples of such acknowledgment include publication in peer reviewed journals, receipt of grants, presentations of workshops or scholarly papers at national or international conferences, recognition as a consultant appropriate to the discipline, the editorship of professional journals or newsletters, and/or the holding of leadership positions within academic or professional organizations.

Specific criteria for teaching, scholarship, and service for the guidance and mentoring of faculty pursuing tenure and/or promotion are presented. They reflect the broad mission of the department, and honor and celebrate the distinctive contributions of our faculty. The whole of the department benefits from diversity in style and professional emphasis among the faculty. Teaching is the primary responsibility of the department, yet distinction should be sought in scholarship and service. Effectiveness in meeting the criteria is judged by evaluating faculty performance as a whole, through the peer review process.

Tenure in the Department of Business, Economics and Health Systems Management Texas Woman's University

The tenure decision routinely coincides with the decision for promotion within the tenured ranks; there are occasions in which the tenure decision occurs in isolation from promotion to a higher rank. In these instances the guidelines below are in effect:

Criteria for Tenure for Associate Professor:

The candidate must meet all of the criteria required for promotion to Associate Professor as set forth by the Department of Business and Economics or Health Systems Management in the document, "Promotion and Tenure Requirements." (See previous pages)

In addition, the following two criteria will be given special consideration:

The candidate must:

1. Demonstrate collegial relationships and professional cooperation in the academic unit;
2. Provide evidence of continued productivity in teaching, scholarship, and service consistent with program needs, as well as the goals and mission of the Department of Business and Economics or Health Systems Management and Texas Woman's University.

Criteria for Tenure for Professor:

The candidate must meet all of the criteria required for promotion to Professor as set forth by the Department of Business and Economics or Health Systems Management in the document, "promotion and Tenure Track Requirements." (See previous pages)

In addition, the following two criteria will be given special consideration:

The candidate must:

1. Demonstrate collegial relationships and professional cooperation in the academic unit;
2. Provide evidence of continued productivity in teaching, scholarship, and service consistent with program needs, as well as the goals and mission of the Department of Business and Economics or Health Systems Management and Texas Woman's University.
