# A Brief History of Texas Woman's University

---

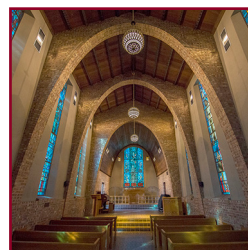

The unique history of Texas Woman's University started before the turn of the 20<sup>th</sup> century with a revolutionary idea – higher education for women.

---

In 1901, the 27th Texas Legislature created Texas Woman's University. When TWU offered its first classes in 1903 in Denton, the institution was called the Girls Industrial College of Texas. Three name changes later – the College of Industrial Arts (CIA) in 1905, Texas State College for Women in 1934 and TWU in 1957 – the university has expanded its curriculum to offer bachelor's, master's, specialist and doctoral degrees in more than 70 areas of study in traditional and nontraditional fields for women. The university became fully co-ed in 1994. In 2021, Texas Woman's became the nation's first university system focused on women and the seventh system in the state of Texas.

Throughout TWU's history, the institution has emphasized academic excellence, professional preparation and personal growth for all students. The university's dedication to learning was reflected in the establishment of its first graduate programs in 1930; TWU awarded its first doctoral degrees in 1953. That growth took new directions (literally) when TWU opened the Institute of Health Sciences Houston and Dallas Centers in 1960 and 1966, respectively.

Today, the university includes five colleges – the College of Arts and Sciences, the College of Business, the College of Health Sciences, the College of Nursing, the College of Professional Education – and the Graduate School. With an enrollment of more than 15,500 students, Texas Woman's University offers degree programs in the liberal arts, nursing, health sciences, the sciences, business and education. Its campuses in Denton, Dallas and Houston also have a robust online presence.

# A Brief Guide to TWU Commencement

Commencement celebrates the culmination of a student's education at TWU. Each university has its own symbols and traditions that are part of the commencement experience. Here is some information to help you enjoy TWU's unique commencement ceremony.

## TWU Symbols

◆ **The Seal of the University** – The official seal of Texas Woman's University is used on all formal documents, such as the degrees awarded by the institution. The seal appears on the academic banners for the colleges of the university that adorn the commencement platform. The design of the seal incorporates the star, which represents the State of Texas, and the university motto, *Scientia Lumen Vitae*, which means "Knowledge Illumines Life."

◆ **The Mace of the University** – The mace is carried at all formal university ceremonies, such as commencement. Today, the provost carries the mace down the aisle leading the academic procession. Designed and handmade in 1977 by Alfred E. Green, associate professor of art, the mace is a symbol of the spirit and nature of the university. The mace is a staff of rare vermillion wood topped with a silver sphere banded by ivory. The silver sphere is repeated at the base, and a gold seal of the university is embedded in the shaft.

◆ **The President's Medallion** – The medallion worn by the chancellor and president bears the seal of the university on its face and the names of the university's presidents on the reverse. Encircling the presidents' names are the four names by which Texas Woman's University has been known since its founding in 1901. In 2003, Ingrid Psuty, M.F.A., created the medallion and chain of fine silver and burgundy enamel.

## TWU Academic Regalia
