P.O. Box 425796, Denton, TX 76204-5796

PH: 940-898-2870 | FAX: 940-898-2869

Speakers:

Dr. Dylan Corey Lippert, MD

Dr. Lippert is a board-certified otolaryngologist specializing in ear, nose, and throat conditions. He attended Wake Forest University School of Medicine in Winston-Salem, NC.

He completed an Otolaryngology residency at the University of Wisconsin in Madison, WI, and a fellowship in Head and Neck Surgery at the Mayo Clinic in Phoenix, AZ.

Dr. Lippert has published several medical papers, including Metastatic synovial sarcoma of the scalp: Case report; Glove and Gown Effects on Intraoperative Bacterial Contamination; and Clinical, histopathologic and radiographic indicators of malignancy in head and neck paragangliomas.

Dr. Lippert's practice combines traditional head and neck surgery with facial plastic and reconstructive surgery. He focuses on minimally invasive transoral removal of tumors, microvascular free flap reconstruction, treatment of complex skin cancer, HPV-related oral cancers, and tumors of the parotid and thyroid.

Katie Bukolt MSN, APRN, FNP-C, AOCNP

Katie Bukolt is currently employed as a nurse practitioner at the Texas Oncology–Baylor Sammons Cancer Center in the department of radiation oncology.

She cares for all types of cancer patients receiving radiation as part of their cancer treatment.

Katie received her BSN from Texas Tech University in 1998, and her MSN while living and working in Miami, FL. at Barry University in 2008.

She is a board-certified family nurse practitioner with additional certifications as an advanced oncology certified nurse practitioner and certification in radiation oncology.

She has a special interest in head and neck cancer and young women with breast cancer.

In addition to management of patient's care before and during radiation, she assists patients with advanced care planning services and survivorship needs.
