

TEXAS WOMAN'S
UNIVERSITY

BACHELOR OF SCIENCE

MULTI-DISCIPLINARY STUDIES

PROGRAM FEATURES

TWU's Multidisciplinary Studies program fits your schedule, budget, interests and career goals. We offer:

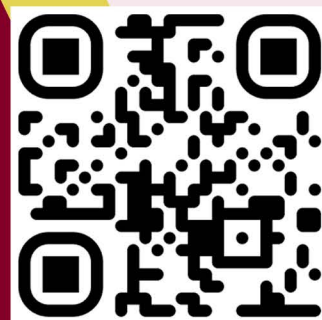

- Online, face-to-face and hybrid courses
- Complete your bachelor's degree in as little as 24 months
- Affordable classes and access to scholarships and financial aid
- A supportive and diverse community
- Additional science/math credits not required

Our flexible Multidisciplinary Studies program allows you to pursue a degree that is customized to your diverse interests and talents while making the most of the college credits you've already earned.
