

Rollover Application

Students who find that they will not graduate the semester for which they originally applied may change their graduation date to the following/upcoming semester and not repay the diploma fee by submitting a “roll-over” form to the Graduate School by the roll-over deadline. Please review the Graduation Deadlines page on the Graduate School website & the graduate catalog for more information for graduating students.

I wish to roll-over my graduation date:

Name: _____ Student ID#: _____

When did you originally apply to graduate?: _____ / _____ (semester / year)

When do you now anticipate to graduate?: _____ / _____ (semester / year)

On which campus will you participate in commencement: Denton Houston

I will not participate in the commencement ceremony

I want to roll-over my completion term but still participate in the upcoming ceremony

I want to roll-over both my completion term and ceremony participation

Important Note:

A student’s graduation application may be “rolled-over” a maximum of **two times**, after which a new graduation application must be submitted by the published due date, and another graduation application fee will be charged.

Please review the graduate catalog for more information for graduating students.

Please e-mail this form to Karen Bartel/kbartel@twu.edu. All e-mail must originate from a secure TWU e-mail.

In accordance with Leg. HB 1922, an individual is entitled to: request to be informed about the information collected about them; receive and review their information; and correct any incorrect information.

This form was last revised in July 2024
