Greek Life logo and text reading: Why join a fraternity or sorority at TWU?

### **Roxanne - Sigma Sigma Sigma:**

I joined a sorority because I felt welcomed and supported by a group of women whose values I share. I have made vast connections and built lifelong friendships with women because of my organization. I have been able to give back to my community and hold multiple leadership positions and that is why I am so proud to have joined a sorority.

### **Kiara - Zeta Phi Beta Sorority, Inc.:**

I joined sorority specifically to lead the way and set an example for my siblings, but also to be a part of something that creates an impact and makes a difference for the community. Our motto is a community conscious action oriented organization, and I have learned many different leadership skills that have allowed me to step outside of my comfort zone and use my voice in a more efficient way.

### **Andres - Kappa Sigma Fraternity:**

The reason why I chose to join a fraternity was for the opportunity to get involved in my campus and to make change. I have learned in my years of involvement ,in Greek Life, that you are committing to something bigger than yourself for a greater cause. Because of my organization I have learned to be a leader, to use my voice, take action, and become a better person.

### **Maegan - Alpha Omicron Pi:**

The reason I joined a sorority was because I really wanted to get involved. I didn't do a lot in high school and I didn't really have a lot of friends so I came to TWU all alone and I've gotten so much out of being in a sorority. I've learned to be a great leader, I've had three leadership positions, and I never saw myself being president of an organization, but here I am.

### **Marialuisa - Sigma Lambda Gamma National Sorority, Inc.:**

I joined a sorority because I wanted to find a group of like minded individuals on campus and I have learned to be a better friend and a better leader.

### **Chanel - Alpha Kappa Alpha Sorority, Inc.:**

I joined my sorority because of the amazing targets that we fostered and the unmatched sisterhood. In addition to the fact that we aren't just catered to a particular type of people, or a group of people we are of service to all mankind and being a member has truly just changed me, more so motivated and created me to be a better leader. To have better service, better- just to be an overall better person.

**Monique - Alpha Gamma Delta:**

I wanted to join a sorority because I wanted to find my home away from home and to be a part of something bigger. I learned that I have a shared mission; sorority is a daily call to action and I have a future of opportunities because of my sorority.

**Oliver - Phi Iota Alpha Fraternity, Inc.:**

I joined a fraternity to grow my leadership and also find a family here at Texas Woman's University. This has allowed me to create bonds with amazing people who have shown me love, support, and guidance throughout my time. This has also allowed me to become more aware of my culture and also more aware of the things that are happening around the world. This is all due to my organization.

**Jokabeth - Potential Candidates of Lambda Theta Alpha:**

I wanted to be a part of something greater than myself. This organization has inspired change through the years and that is something I want to be a part of. They have also given me the tools to grow and develop as an individual.

**Sonia - Sigma Lambda Alpha Sorority Inc.:**

I joined a sorority because I wanted to find a home away from home- as cliché as it sounds. I wanted a place where I could celebrate my culture and embrace being a first-generation college student. Since then I have found sisters that will last a lifetime and I've made memories with them that are unforgettable. I've found ways to express my passion for service and we've dedicated our to the community. I've grown as a leader, I've learned both personal and business skills. I've grown as a person and I will continue to grow as a person because of my organization.
