Vision

The vision of Housing & Dining is to enrich the student experience by creating a stimulating environment that encourages civility, well-being, and academic success. When they are fully engaged in the community, residents will acquire skills and knowledge that will enable them to become successful leaders in the world.

Mission

The mission of the Department of University Housing & Dining is to provide opportunities for academic success, leadership, interactions and campus engagement within a safe, compassionate, and inclusive environment.

Residential Curriculum

Housing & Dining puts student learning at the heart of our work. The residential curriculum ensures that our residence halls cultivate the best learning environment possible for residents. Our curriculum is closely related to the Mission and Vision of Housing & Dining wherein residents are encouraged to become leaders and global citizens in a community climate that inspires excellence and a pioneering spirit.

Additionally, Housing & Dining provides a community environment wherein residents are encouraged to engage in the lifelong learning experience. Residents learn about maintaining a sense of well-being, practicing marketable skills, and pursuing intellectual development. These experiences contribute to residents' ability to contribute to their communities as compassionate neighbors and trailblazing leaders.

Welcome to the N.E.S.T.

As **Neighbors**, students will be able to identify their roles and responsibilities as community members, build meaningful relationships, and develop a positive sense of belonging in the TWU and Denton communities.

As **Explorers**, students will learn more about who they are and what they want out of work, school, and relationships. Students will also learn to be more mindful of their own identities and how these identities interact with the community.

As **Scholars**, students will have opportunities to ignite their passions for learning and will discover learning strategies to increase resiliency and motivation.

As **Trailblazers**, students will learn how to leave their mark on campus and make a positive impact in their communities by finding their own paths and encouraging others to do the same.

Community Living

Life in campus housing begins with getting along with your roommate, but it doesn't end there. When you live in the TWU residence halls or apartments, you become part of a community. This community will gradually take on new meaning for you as it becomes your new home. The RA in your community, the Community Interns, and the Residence Hall Association will plan events designed to help you get to know the other people in your community. While these events are optional, your participation will help establish a sense of friendship among community members.

Community living has some similarities to living with roommates. Both require that you are considerate of the other people and that you take the time to get to know others. Your RA will be meeting with the residents in your living area to assist you in establishing agreements for your floor and hall/apartment community.

RHA works with the Housing staff and residents in the development of residence hall and apartment policies, programs, and facilities. Community Interns work one-on-one with the RHA Executive Board and their residence hall's Student Manager Co-Advisor in a peer-mentor relationship in order to develop their own sense of leadership and confidence on campus. Roommate Agreements

With Housing & Dining, your room is more than just a place to sleep and study. In fact, it is a place for you to fully immerse yourself in the college experience. The quality of life that you choose to have in your assigned room will depend on you, your roommate, and the relationship you have with one another. It really is the small things that can add up to roommate conflicts. Open communication is the key to having a successful year with your roommate. To facilitate this process of open communication, Housing & Dining strongly encourages you to complete a Roommate Agreement with your roommate at the beginning of the Fall semester and then again at the beginning of the Spring semester.

You will receive instructions from your RA about how to complete the Roommate Agreement process. The Roommate Agreement is not a requirement for living on campus, though it is highly encouraged for each set of roommates. This binding document allows you and your roommate to communicate goals, expectations, and boundaries for your shared space. How will you keep the common spaces clean? How will the room be arranged? What are your feelings on borrowing personal items and sharing food? What do each of your schedules look like? Is someone an early bird and another roommate a night owl? These types of questions will prompt you and your roommate to consider and create a set of agreed upon guidelines for your shared space that you both feel comfortable with moving forward.

The end goal of the Roommate Agreement process is that both you and your roommate walk away feeling prepared for living together for the months to come. This process allows both parties to familiarize themselves with each other's preferences, differences, and boundaries with consideration and respect. Taking this time to lay the groundwork for a successful roommate relationship may prevent roommate conflicts from occurring in the first place.

However, if you find yourself in a roommate conflict, both you and your roommate have the ability to revisit and edit your Roommate Agreement. If you find yourself in the middle of any conflict, remember that every situation has at least two individuals involved who have the right to be heard and accepted. Furthermore, you may contact your RA at any time for assistance in resolving roommate conflicts.

Family Housing

Family housing is available in the Lowry Woods Community. These apartments are unfurnished. The size of the assigned apartment is determined by the number of

occupants. Two-bedroom apartments will accommodate a maximum of four occupants (including a legally married couple and two children or a single parent and two children). Three-bedroom apartments will accommodate a maximum of six occupants (including a legally married couple and four children or a single parent and four children). As outlined in the Housing & Dining contract, family housing is valid and in effect so long as the student is enrolled in courses and remains in good standing during the academic year.

The Clubhouse

The Clubhouse is an afterschool and summer day-camp enrichment program designed for school-age children between the ages of 5 and 12 (at the time of the child's enrollment) of enrolled TWU students. Children of TWU students living on campus in family housing will be given priority for this program. Priority placement deadlines are July 15 for the Fall and March 15 for the Summer. Non-students affiliated with TWU will be considered on a space available basis. Activities implemented at the Clubhouse include games promoting social and emotional development, community service projects, cooking, sports, arts and crafts, fitness activities, music, math and science enrichment activities, storytelling, reading, swimming, field trips, and other fun activities!

Community Health and Safety

Health and Safety Inspections

To ensure the safety and wellbeing of all residents, residence life staff will conduct health and safety inspections of all resident spaces at least twice each semester. In Lowry Woods, inspections may occur more frequently. Inspections are typically announced in advance. However, TWU Housing & Dining reserves the right to make unannounced inspections. Residents are not required to be present during health and safety inspections, though they are welcome to participate in the process. Regardless of the resident's presence during the inspection, they will be notified of the inspection's results.

These inspections allow residence life staff to monitor safety levels, identify maintenance issues, and provide opportunities for health and safety awareness education for residents. Residents are expected to comply with all state and federal laws and TWU policies and procedures. TWU Housing & Dining appreciates resident cooperation during the health and safety inspection process and will make every effort to minimize any inconvenience to residents. Any policy violations will be addressed during the health and safety inspections and may lead to disciplinary sanctions. Residents should refer to the list of Prohibited Items listed in this handbook starting on Page 20 to avoid policy violations and potential charges. Policy violations can result in disciplinary action including but not limited to educational sanctions, confiscation of prohibited items, monetary fines, cancellation of Housing & Dining contract, and possible legal action.

Residents must comply with all requests from TWU Housing & Dining pertaining to the correction of any health and safety concerns or violations found during the inspection process. Residents will be promptly notified of these concerns or violations and will have a maximum of 48 hours to correct these violations. However, if the violation represents a life-threatening risk, then the resident will have to respond immediately. TWU Housing & Dining reserves the right to immediately confiscate prohibited items. The TWU Department of Public Safety will be notified if any illegal items are found in a room and/or apartment.

Prohibited Items

TWU Housing & Dining wants you to be both comfortable and safe in your on campus living environment. The following items have been identified as threatening to the safety and wellbeing of residents and, therefore, are prohibited in the residence halls and apartments. If any prohibited items are found in a room and/or apartment, the

item(s) will be confiscated or the owner of the item(s) will be asked to remove the item(s) from the residential premises immediately. The resident will be able to claim confiscated items from their Residence Director. At the end of the semester, all confiscated items not claimed by their owner will be disposed of permanently.

Any item denoted with an asterisk (*) is permitted only in the apartments and are, therefore, still considered prohibited in the residence halls.

COVID-19 Procedures

TWU Housing & Dining is committed to maintaining a safe and welcoming environment for residents and staff. Thus, we encourage everyone to respect the safety guidelines and procedures offered by the Center for Disease Control and Prevention (CDC), the Texas government, the university, and the Housing & Dining department. If you have questions or concerns about Housing's COVID-19 procedures, contact the Housing Office or TWU's Risk Management department at risk@twu.edu or 940-898-4001.

How to Self-Screen

Assess yourself for any of the following possible signs or symptoms of COVID-19:

- Feeling feverish or having a temperature greater than 100°F
- Chills or repeated shaking with chills
- Unexplained new or worsening cough
- Shortness of breath or breathing difficulties
- Unexplained muscle aches and pains
- Unexplained sore throat
- New loss of taste or smell
- Unexplained headache
- Diarrhea

Any resident who has identified any of the above symptoms should NOT leave their room and/or apartment and should contact their medical provider. Students who are seeking medical services with university Student Health Services (SHS) should call the SHS office at (940) 898-3826 before visiting the office in person. Residents' guests who exhibit any of the above symptoms should leave campus, return to their own home, and contact their medical provider. If residents have access to at-home COVID-19 tests, they should use them to help determine whether or not they are infected.

What if I test positive for COVID-19?

Residents who are confirmed or suspected of having COVID-19 should follow isolation procedures as recommended by the [CDC](https://www.cdc.gov). These procedures include staying isolated for at least five (5) full days and wearing a well-fitting mask if they must be around others in their room and/or apartment. For isolation purposes, day zero (0) is the first day of symptoms or a positive viral test; day one (1) is the first full day after

symptoms developed or the test specimen was collected. You may refer to the CDC's [isolation calculator](#) to help you determine how long you must remain in isolation.

Residents should continue to monitor symptoms and contact their medical providers if symptoms worsen. The following symptoms are indicative of a medical emergency and warrant immediate medical attention. In such cases, go to an emergency room or call 911:

- Breathing difficulties
- Persistent pain or pressure in the chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face

Isolation may end at least five (5) full days after testing positive if it has been at least twenty-four (24) hours since the resolution of fever (without the use of fever-reducing medications) and other symptoms are improving. If the resident tested positive for COVID-19 but did not have any symptoms, they may end isolation at least five (5) full days after testing positive.

Additionally, it is important that residents take extra precautions for at least ten (10) full days after positive test results, such as wearing a well-fitting mask and avoiding being around people who may become very sick if exposed to COVID-19 (e.g., people over the age of 65, people with certain medical conditions, people who are pregnant, and anyone who remains unvaccinated against COVID-19).

What if I am exposed to COVID-19?

If a resident is exposed to COVID-19 and they are fully vaccinated or have had a confirmed case of COVID-19 in the past 90 days, then they do not need to isolate, according to the [CDC](#). However, they should watch for symptoms, get tested at least five (5) days after they last had close contact, and take extra precautions (e.g., wearing a well-fitting mask) for at least ten (10) full days after their last exposure. If a resident begins to develop symptoms of COVID-19, they should follow the procedures for isolation (see: "What if I test positive for COVID-19?").

If a resident is exposed to COVID-19 and is not up-to-date on COVID-19 vaccinations, then they should isolate for at least five (5) full days and wear a well-fitting mask if they must be around others in their room and/or apartment. For isolation purposes, day one (1) is the first full day after their last contact with a person who has COVID-19. Residents should get tested at least five (5) days after they last had close contact

with a COVID-19 case and continue to take extra precautions (e.g., wearing a well-fitting mask) for at least ten (10) full days after their last exposure. If a resident begins to develop symptoms of COVID-19, they should follow the procedures for isolation (see: “What if I test positive for COVID-19?”).

I need to isolate, but I don’t wish to do so in my room. What are my options?

Residents who determine that they need to isolate are welcome to do so at an off-campus location of their choice. If residents choose to isolate off-campus, they should not return to campus until their isolation period is over (i.e., they should not come back and forth to campus during the time they are meant to be isolating). If there is a roommate conflict regarding isolation in a shared space, please contact your Resident Assistant for guidance and mediation.

TWU will continue to monitor the local conditions and CDC guidelines in order to make appropriate changes to relevant procedures. For the most up-to-date information about COVID-19 policies, procedures, and resources, visit the [TWU Coronavirus website](#).

Residential Services

Academic Support Office

The Academic Support Office (ASO), located in Guinn Hall 105 and the Parliament Village Mary’s Hall collaboration space attached to the computer lab, is your in-housing residential student resource for assistance with your educational progress. We want you to be as successful as possible during your time at Texas Woman’s University, so we are here to help with any academic issues you might face in person or online.

Our Academic Support Assistants (ASAs) can assist you with issues stemming from academic transition, time management, study skills, and much more. They can also help with career readiness and presentation assistance. Additionally, our ASAs can act as liaisons for other areas of support throughout TWU and help you to navigate the various resources available to you.

Our Academic Support Tutors (AST) can assist you with improving your academic performance. They are able to tutor in multiple academic disciplines. The AST’s offer both individual tutoring and group tutoring sessions. Successful residents take advantage of tutoring early each semester. Academic success is within your reach. We are here to help you meet your goals.

The Academic Support Office provides opportunities to connect virtually or in person. We offer tutoring, workshops on academic skills, a physical location to study in and so much more. Stop by the ASO to see what we can offer you.

Accessible Spaces

There are rooms available for students with mobility and hearing impairments in the residence halls and apartments. For more information, contact the central housing office.

Building Access

The outside doors of our buildings are locked 24 hours a day. If you are a resident of these buildings, the outside doors can be unlocked electronically by the student ID card. Lost ID cards should be reported immediately to the Housing & Dining Office for deactivation. This will prevent anyone from using the lost card to gain access to the residence halls. Physical replacement cards can be obtained at campus ID Services located in Hubbard Hall. Temporary access cards are available at the front desk of the residence hall. Temporary access cards can only be kept for 24 hours before they must be returned.

Computer Labs

Guinn and Stark Halls share a computer lab with printers in the Commons area. The Lowry Woods Community Center includes a computer lab with computers and printers. Parliament Village offers access to a computer lab located on the first floor of Mary's Hall. Students access these computer labs using their TWU ID card. All computer labs are accessible 24/7.

Custodial Services

TWU custodial staff are responsible for the daily cleaning of the public spaces in each residential community including lounges, lobbies, hallways, and community bathrooms. These public spaces are sanitized daily Monday-Friday. However, most of the residential community upkeep falls on the responsibility of residents. For instance, custodians are not responsible for moving furniture or cleaning any mess caused by resident negligence. Therefore, residents may be assessed the cost of any additional cleaning provided by custodial staff as a result of residents' unnecessary messes. Furthermore, residents are responsible for cleaning their own rooms and/or apartments. Please note that charges will be assessed for any trash left by residents in the breezeways of the Lowry Woods apartments.

Elevators

Elevators are located in Guinn, Stark, and Parliament Village. All of these elevators are equipped with timing devices that keep the elevator doors open for only a short period of time and maximize elevator use. Never attempt to manually close or hold open elevator doors. Doing so is dangerous and may cause serious damage to elevator equipment. Elevator emergency equipment is for emergency use only. Residents who drop items down the elevator shafts should contact the front desk of their residential community. An elevator repair representative will be contacted to

attempt to retrieve the item(s) at the resident's expense. The average cost per hour for an elevator repair representative is \$75-\$350.

Fitness Center

Parliament Village offers access to a small fitness center specifically to residents living in Parliament Village. The fitness center includes four treadmills, a jump rope, and an exercise bench. This is an unsupervised space.

Front Desk

The front desk in each residence hall or apartment community is staffed by RAs and SAs. These student staff members are responsible for assisting and checking in visitors to the building, answering the phone, helping students with concerns, and other administrative tasks that may arise.

The Guinn-Stark Commons is a space that holds approximately 100 people in a multitude of setup styles. The Guinn-Stark Commons has A/V capabilities and can be reserved for programming, trainings, or other events through the [Mazevo](#) site. Groups may be charged a service fee.

Laundry

Laundry rooms that include washing machines and dryers are available in each residential community for resident use only. These machines are free of cost. If a resident is discovered to be using the laundry facilities for non-resident items, then the resident will face disciplinary action.

The Speed Queen App gives you access to monitor status and availability of machines in the laundry room and helps you view the remaining cycle time on your laundry machine.

Always remove your items from the washing machines and dryers as promptly as possible. Unattended clothing left in a residence hall laundry room will be collected and placed in bins every Friday. Items stored in bins will be kept on location for 7 days in designated bins located in each residence hall laundry room. All unclaimed items will be donated via the purple donation boxes located outside of the residence halls once the 7 day period has expired. Be courteous to fellow residents who may need to use the machines after you. To prevent mold growth, leave the washing machine door and soap dispenser slightly ajar after you are finished using the machine. Additionally, clean out the dryer's filter after each use. If any laundry machine is not working properly, then use the QR code on the machine to report a non-working machine.

Mail and Packages

Individuals living in the residence halls and apartments may receive packages delivered by Amazon, UPS, USPS, and FedEx.

All Amazon, UPS, and FedEx packages are typically delivered to the front desk of each community by the company, but TWU Housing & Dining cannot control which delivery companies will make successful delivery. USPS mail and packages are delivered once daily Monday - Friday to each front desk by TWU staff. The front desk staff will NOT accept mail or packages with incomplete or incorrect addresses or recipient names. To ensure that the front desk staff can accept your mail and packages, make sure that the address and your full legal name is complete and correct.

When your package is delivered and accepted, the front desk staff will log the package into our package system called Notifii. Then, you will receive a notification via your TWU email from Notifii that your package has been delivered. Your packages will remain at the front desk until you retrieve them. You are responsible for checking your email to see if a package has been delivered to the front desk of your community. You must have your TWU ID available to show the front desk staff. You will not receive notifications if you receive mail. Only package notifications are sent.

If you are no longer a resident, or the mail or package cannot be determined to whom it belongs, the mail or package will be immediately returned to sender. Any unclaimed mail or packages at the end of each semester will be returned to sender. You are responsible for checking for your mail, and you are responsible for registering a mail forwarded address with USPS upon move-out. The front desk is not responsible for lost, stolen, or damaged items. When having mail or packages sent, students MUST use the following addresses for delivery and MUST include their building and room number:

The space aims to provide resources for various course projects as well as offer a creative outlet for students to work individually and collaborate with classmates. Only residents of Parliament Village may use the Makerspace.

Multipurpose Room (MPR)

The Multipurpose Room located in Parliament Village holds approximately 150-175 people in a multitude of setup styles. The Multipurpose Room has A/V capabilities and can be reserved for programming, training, or other events through the [Mazevo](#) site. Groups may be charged a service fee.

Narcan

Narcan is a life saving drug used to reverse an opioid overdose. Narcan is available at all the residence hall and apartment front desks.

Pest Control

Extermination services are provided by Facilities Management and Construction. Residents may be asked to clear closets, remove dresser drawers, cover food items, or assist in other necessary ways to facilitate an effective pest control program. To avoid pest infestations, residents should always adhere to sensible cleaning practices. Improperly stored food, dirty dishes, and trash all attract insects, roaches, and mice. You and your fellow residents maintaining cleanliness can do more to control pests than any quantity of pesticides. However, if pest problems do occur in your room and/or apartment, notify the front desk of your residential community and submit a work order.

TWUNet

TWUNet is Housing & Dining's Internet service available in the residential communities. TWUNet lets you connect your personal computing device by a wired or wireless connection, directly to TWU's data communications network, and through the University network, to the Internet. There is no extra charge for the TWUNet service.

Installing a personal router on the TWU residential network causes problems on the network and is a violation of Housing & Dining policy. Do not bring a personal router to connect to the network. Texas Woman's University nor Housing & Dining guarantee that your computing device will work on the TWUNet system.

Always use an antivirus program. Antivirus programs are designed to protect your computing device from possible virus infections. Without anti-virus software there is high risk of a breach or infection from viruses on a high speed network. Do not bring your computing device to TWU with plans to attach to the network without an installed antivirus program.

Malware and Spyware

Most people are familiar with freeware, shareware, cookies, media players, interactive content, and file sharing. What they may not realize is that some of the aforementioned may contain code or components that allow the developers of these applications and tools to actually collect and disseminate information about those using them. They can track your surfing habits, abuse your Internet connection by sending this data to a third party, profile your shopping preferences, hijack your browser start page or pages, alter important system files, and can do this without your knowledge or permission. The security and privacy implications of these exploits should be quite obvious and undesirable on any system or network.

File Sharing

File sharing programs like Bittorrent are expressly forbidden on the TWUNet system. If these programs or other file sharing programs or high traffic use caused by viruses are detected on your TWUNet data port, you will be disconnected from the TWUNet system.

Sharing music illegally and violating copyright is a clear violation of the [Computer and Software Acceptable Use Policy](#).

Study Lounges

Study lounges are located in Guinn Hall and Parliament Village. These spaces are available for individual and group study sessions. No reservations required.

Televisions

Floor lounges that have a television can be used by students to stream online content using their electronic devices. Remotes can be checked out at the front desk of the corresponding residence hall.

Training Room

Parliament Village provides a Training Room that holds approximately 25-30 people with chairs and tables in a flexible setup. The Training Room has A/V capabilities and is used for training, meetings, and other small programming within the residence hall.

Vending Machines

For your convenience, vending machines are located in each residence hall. If you lose money in the vending machine you will need to go to the Office of the Bursar or ID Services for a refund. The front desk does not provide refunds.

Dining Services

Dining Office

The TWU Dining offices are located in the TWU Dining Hall.

Meal Plans

Residential meal plans are required for students living on campus in Stark, Guinn and Parliament Village. However, all students can sign up and enjoy the convenience of dining on campus. Lowry Woods residents are provided \$50 dining dollars each semester that is included in the semester's rent. When a student signs the Housing & Dining Contract to live in the residence halls, they agree to purchase a meal plan each semester for the entire period of the contract. If the student fails to select a meal plan, then the student will be automatically assigned and charged the 15 meals per week residential meal plan. Meal plans are easy to use and give you access to all dining locations across campus. The plans include a combination of meal swipes, for entrance into our dining hall, and Dining Dollars are a stored value account used to make purchases at other retail locations across campus. Meal swipes will expire at the end of the fall semester, but Dining Dollars will roll over from fall semester to spring semester.

Students who are not required to purchase a residential plan have the option of purchasing a commuter meal plan. For meal plan price listings, please visit the [TWU Dining website](#). Refunds will not be given for missed meals due to academic scheduling conflicts or trips taken by the resident for academic and/or extracurricular reasons. Residents may change to a different residential meal plan through the 11th class day each academic term. Residents may not change their semester meal plan after the 11th class day of the academic term. More than two (2) meal plan changes, after the initial selection will result in a \$50 administrative fee for each additional change. If a meal plan participant cancels their meal plan before Opening Day of a given semester, then they will be charged a \$100 cancellation fee. If a meal plan participant cancels a meal plan after Opening Day but before the 11th class day of each semester, the meal plan charge will be prorated based on use, plus the \$100 cancellation fee. A meal plan participant may not cancel or receive a refund for a meal plan after the 11th day of the semester.

10-Meal Plan with \$275 Dining Dollars

The 10-Meal Plan meal plan allows up to 10 meals per week in the Dining Hall for every week of the semester. Meals will reset on Saturday. If all 10 meals have not been used, they will expire. Meals do not roll over from week to week. Dining Dollars in the amount of \$275 are included and can be used at any retail dining location throughout the semester.

15-Meal Plan with \$275 Dining Dollars

The 15-Meal Plan meal plan allows up to 15 meals per week in the Dining Hall for every week of the semester. Meals will reset on Saturday. If all 15 meals have not been used, they will expire. Meals do not roll over from week to week. Dining Dollars in the amount of \$275 are included and can be used at any retail dining location throughout the semester.

Block 100 Meal Plan with \$750 Dining Dollars

The Block Meal Plan allows you to choose when you want to eat in the Dining Hall. With this meal plan, you will have 100 meals per semester in the Dining Hall. Use the \$750 Dining Dollars to add variety and convenience to your day. Dining Dollars can be used at any retail dining location including the dining hall. Meals and dining dollars will rollover to the spring semester if unused.

Exemptions

The university, in unique circumstances, may exempt a student from the required meal plan for documented medical conditions or religious dietary observance. It should be noted that all documentation must be submitted to the Executive Director of Housing & Dining by the 11th class day in order for a request to be considered for that semester. Meal plan exemption requests will only be considered for those who demonstrate that a campus dining plan cannot in any way satisfy their dietary needs and provide appropriate supporting documentation. It is the responsibility of

the student to obtain any and all required approvals or necessary documentation. For more information regarding the meal plan exemption process, refer to the [TWU Dining website](#).

Dining Dollars

Dining Dollars are a stored value account used to make purchases at retail dining locations and athletic concessions. Dining Dollars may also be used for catering at on-campus events. Meal swipes expire at the end of the semester; however, Dining Dollars will roll over from fall semester to spring semester. Dining Dollars expire at the end of the spring semester. Residents may add Dining Dollars to their account throughout the semester. Refer to the [TWU Dining Website](#) for more information about this process.

Living on Campus

Residency Requirement

All TWU full-time, single undergraduate students who have not completed 60 TWU-approved credit hours and will be under the age of 21 at the start of their first semester are required to live on campus in university residential communities unless one of the following exceptions applies:

- Living with parents or legal guardians within the commuting distance of 40 miles
- Active duty military or veterans of military service
- Legally married
- Living with dependent children

To comply with the residency requirement, you must do one of the following (all applications and forms can also be found on the TWU Housing website):

- Complete a [University Housing Application](#).
- Complete a Residency Exemption Request in the [housing portal](#). All exemption requests, except for certifying that you will be living with a parent/legal guardian within 40 miles of the Denton campus, require documentation to be uploaded when submitting the form.

All applications and forms will be reviewed and subject to final approval by the TWU Housing & Dining department. Once the contract is signed, if an exemption is later granted, the student may be responsible for the cancellation charges.

Eligibility

To be eligible for living on campus, residents must be enrolled and registered as a full-time (at least 12 credit hours) student at TWU. Priority is given to students within the residency requirement who are also enrolled as full-time students.

Students will not be allowed to move into the residence halls/apartments without being registered for classes. In the event that a resident is not registered as a

full-time student while living on campus, the resident will be expected to vacate the room/apartment within 48 hours of notification.

All students who want to live on campus must sign the TWU Housing & Dining Contract before they move into their assigned room/apartment. This contract is a binding agreement between the student and the university. Additionally, a meal plan is required for all residents living on campus (except for those living in Lowry Woods apartments).

Housing & Dining Contract

At a minimum, the Housing & Dining Contract is in force as long as the student is officially enrolled and registered during the academic year and remains in good standing with the university. The student may request a cancellation of the contract by completing a Cancellation Form according to the following guidelines:

- They may cancel the contract provided they will not be in violation of the University Residency Requirement.
- If the student is denied admission to the University, there will be no cancellation fee, and a full refund of any refundable payments will be made.
- Students removed from Housing at any time will be responsible for payment of the entire semester's room rent. The housing deposit will also be forfeited.

Cancellation Charges for the Fall Semester

- No deposit refund if canceling contract (at any time)
- After June 1: \$350
- After August 1: \$500
- After Opening Day: \$500 + 20% of semester's rent
- After September 1: \$500 + 50% of semester's rent
- After October 1: \$500 + entire semester's rent

Cancellation Charges for the Spring Semester

Fall assigned students if canceling before the start of the Spring Semester will forfeit their deposit. Additional cancellation fees :

- Before the start of the Spring semester: \$750
- After Spring Opening Day: \$500 + 20% of semester's rent
- After February 1: \$500 + 50% of semester's rent
- After March 1: \$500 + entire semester's rent

Cancellation Charges for the Spring Semester (for students who have spring-only contracts)

- No deposit refund if canceling contract (at any time)
- After December 1: \$350
- After January 1: \$500
- After Opening Day: \$500 + 20% of semester's rent
- After February 1: \$500 + 50% of semester's rent
- After March 1: \$500 + entire semester's rent

Termination of the Housing & Dining Contract by the University

If a student is suspended, expelled, or otherwise removed from the University or Housing for disciplinary reasons, the University will terminate the contract. In such cases, the student will be required to vacate the room/apartment within 48 hours after notification of such action by the University, or sooner if directed by the Executive Director of Housing & Dining or designee. When the Executive Director of Housing & Dining or designee believes that the continued presence of a student living in Housing is not in the best interest of the institution, including if the student poses a danger to persons or property, is a direct threat to persons or property, or is significantly disruptive to the normal operations of the residence halls/apartments, the student may be removed from Housing pending the outcome of a student conduct process and/or administrative contract review. Students who are removed from Housing for reasons stated in this paragraph will be held financially responsible for the entire semester's room rent, and may not be eligible to apply for future on campus housing.

Failure to Fulfill Housing & Dining Contract

A student may cancel the contract after occupancy (i.e., received room keys) if they will not be in violation of the University Residency Requirement. The effective date of any refund will be the actual date the student officially checks out of the residence hall.

Assignments

An assignment guarantees a space (not specific rooms) within the residence halls and apartments. The student may not refuse or prevent another assigned student from residing in a shared space (bedroom or apartment). Housing & Dining reserves the right to reassign students to other spaces when it appears to be in the best interest of the individual and/or the University. Housing & Dining also reserves the right to consolidate students who have not paid for a private room and have no roommate. Private rooms, selected roommates, and particular room requests are accommodated whenever possible.

Housing and Meal Plan Payments

Fees and charges for Housing & Dining appear on your student account as a one-time charge for each semester and are due on or before the published payment dates. Students may choose to enter into a payment plan by registering online through their payment portal. Failure to pay the Housing & Dining fees and

charges may result in action by the University, which may include eviction from on campus housing. The residence halls/apartments operate on a limited, self-supporting budget with no outside funding, so it is imperative that all accounts are paid on time. Students are encouraged to arrange their finances to avoid delinquency. Otherwise, a student's registration, grades, and transcripts may be blocked. Additionally, a student may also be evicted from on campus housing. Students who have severe financial conflicts or concerns should contact the university Financial Aid Office for assistance prior to the beginning of the semester.

Opening and Closing

University residence halls and apartments will open as announced prior to the first day of class for each semester.

- For Thanksgiving break, the residence halls and apartments will reduce services at 7:00pm on November 22, 2023 and will revert to regular services at 12:00pm on November 26, 2023.
- For semester break, the residence halls and apartments will reduce services at 12:00pm on December 15, 2023 and will revert to regular services at 12:00pm on January 14, 2024.
- For Spring Break, the residence halls and apartments will reduce services at 7:00pm on March 8, 2024 and will revert to regular services at 12:00pm on March 17, 2024.
- For the end of Spring Semester, the residence halls and apartments will close at 12:00pm on Friday, May 10, 2024.

Any adjustments to the dates and times listed above will be announced to all assigned current residents.

Non-graduating residents may remain in the halls and apartments at the end of the semester twenty-four (24) hours after their last scheduled examination or by the time the building closes for the break, whichever is earlier. Space accommodations will be provided for graduating residents until immediately following graduation exercises.

Break Housing

Students wishing to stay in their current residence hall or apartment during Thanksgiving break, between semesters, or during Spring break must register for break housing online in advance. Residential communities' front desks will be under limited operating hours during breaks. There is no charge for break housing for continuing residents.

Students who will not remain on campus the following semester or term are not eligible for break housing. Break housing is a special service only for continuing

students. Information will be sent out from the Department of Housing & Dining at least two (2) weeks prior to a break period.

Sustainability

Housing & Dining is partners with the University Sustainability committee and Facilities department to implement several sustainability initiatives including:

- Explaining recycling guidelines for the residence halls and apartments (e.g., do not throw food containers away in the recycling bins because they are contaminated with grease and food residue)
- Installing energy monitoring systems in several rooms in Guinn Hall, which adjust room temperature based on activity within the room
- Offering participation in the [Green Room Certification Program](#), which allows residents to self-assess their sustainability practices

Do you want to conserve energy, reduce utility costs, and promote sustainability? Here are a few sustainability practices that you can implement today:

- Turn off lights when not in use
- Turn off the water when brushing your teeth, washing your face, or shaving
- Print on both sides of the paper
- Use reusable water bottles, dishes, and silverware; avoid using paper plates
- Only wash *full* loads of laundry
- Donate unwanted items
- Shop at thrift stores (we have several great thrift stores in Denton!)
- Participate in Meatless Mondays
- Carpool as much as possible
- Only put approved materials in recycling bins

Collection Drives

Individuals and organizations who want to conduct collection drives within the residence halls and/or apartments must request authorization from the Assistant Director for Housing Facilities. Upon approval, collection boxes and containers for drives will be permitted in designated locations for a specific amount of time. The Assistant Director for Housing Facilities will determine the location of the collection sites. Collection containers must have five sides, be sturdy, and be fully lined with trash bags to capture any spillage from cans and bottles. The containers must be emptied on a daily basis. If it is determined by TWU Housing & Dining staff that the container and/or its contents is causing a health/safety hazard as a result of being improperly maintained, then the staff will remove the container and its contents and may dispose of it as they see fit without notification to the responsible individual(s) or organization(s). When possible, the responsible individual(s) or organization(s) will be contacted to remove the containers, unless the condition is such that the

container must be removed immediately.

Moving In

Each room's Room Condition Report (RCR) is prepared before the resident's arrival, and it notes the condition of the space. The RCR lists all damages and conditions of the space and university property. At the time of move-in, residents should check their room for damages. If there are any damages at the time of move-in, the resident must contact their RA within forty-eight (48) hours of moving-in to ensure the RCR is up-to-date. Your RA will be able to correct the RCR for you. Each room's RCR is kept on file and will be referred to at the time of your move-out.

Housing & Dining strongly encourages students to purchase renter's insurance that covers a student's property in the case of accidental damage or theft. Students can purchase a renter's insurance policy from NSSI (www.nssi.com) or GradGuard (<https://gradguard.com/renters/twu>).

Cleaning Personal Space

Residents are responsible for cleaning their own assigned spaces using their own cleaning supplies. Parliament Village's community bathrooms are cleaned by custodial staff. However, Parliament Village residents are responsible for keeping the bathrooms clean between custodial cleanings. Housing & Dining encourages every resident to regularly sanitize and disinfect their space, especially frequently touched surfaces.

Furnishings

Guinn, Stark, and Parliament Village

Each room in these residence hall communities is furnished with a twin XL-size bed, lockable cabinet, dresser, desk, chair, and closet for each occupant. Additionally, each room has a 3.4 cubic foot MicroFridge (microwave-refrigerator combination) for the residents' use.

Lowry Woods

Each apartment (excluding those in Family Housing) has fully-furnished living rooms and bedrooms. Living room furnishings include a sofa, an armchair, an end table, and 2-3 dining chairs. Bedroom furnishings include a full-size bed, a lockable cabinet, a dresser, a desk, and a chair. Each apartment (including those in Family Housing) has a microwave, stove, full-size refrigerator, and dishwasher.

In any assigned space on campus, Housing & Dining does NOT accept requests for removing furniture from the room. All furniture must remain in its original and assigned space. Furniture placed in lobbies or common areas should NOT be placed

in individual resident rooms for any reason.

Residents in every residence hall or apartment are responsible for the condition of their room and/or apartment furnishings. At the time of your move-in, you should report missing or damaged furniture to your RA. If any furniture is not in the room or is damaged at the time of your move-out, then you will be assigned a charge to replace the lost or damaged furniture.

Waterbeds, homemade bunk beds, and homemade lofts are NOT permitted in the residence halls and apartments. Lofts are limited in quantity but may be provided to residents upon request. More than two bed configurations at any time during the contract term will result in a \$50 administrative fee for each additional bed height change after the first two. Housing and Dining is not responsible for any injury sustained as a result of a bed being lofted. Additionally, due to safety regulations, concrete blocks and bricks are NOT permitted in the residence halls.

Damages

When you are ready to move out of your assigned space, you should remove all your belongings from the space and clean the space thoroughly. Your RA will refer to the Room Condition Report from the beginning of the semester to check for any damages that may have occurred during your occupancy. If damages are found, then you will be assigned a fee for the damages. Refer to Pages 47–51 for a list of damage charges.

Decorations

Your assigned space is your “home away from home” and we understand you may want to make it as comfortable and cozy as you can while you are here. Housing & Dining encourages residents to decorate their rooms. However, decorations should never create safety hazards or cause damage to the space. Refer to Page 51 for more information regarding decoration guidelines.

Room Entry

Housing & Dining respects your right to privacy. However, Housing & Dining also reserves the right to enter residential spaces for the following reasonable purposes:

- Room inspections
- Health and safety inspections
- Maintenance requests and repairs
- Possible policy violations
- Suspicion of an accident
- Emergencies wherein the well-being of a resident is in jeopardy

Residential spaces may be searched for cause only by authorized civil authorities. In the case of suspected criminal violations, a search warrant issued by a magistrate will be used to authorize the search.

Work Orders

Trained professionals who are employed by the Facilities Management and Construction Department make repairs to university property and address maintenance concerns on campus. All reports and/or requests for maintenance issues in the residence halls and apartments should be submitted via a [work order request](#). You can find more information about work orders on the TWU website. If a work order request has not been addressed within a reasonable time (24-48 business hours), then you should contact your RA or the front desk of your community.

Vacancies

Throughout the semester, the Residence Director (RD) will keep track of all residents who live in their community. Housing & Dining reserves the right to fill any vacancy in the residence halls and apartments.

Residents who have a vacancy in their room or apartment must be prepared to receive a roommate at any given time. In such cases, residents must be welcoming to prospective roommates and should never discourage other residents from occupying any vacant space within the residence halls or apartments. Residents who attempt to discourage other residents from moving into a vacant space may be relocated to a new room or referred for other disciplinary action.

If you live in a double occupancy space without a roommate, you will not be charged the rate for a single occupancy space unless you request it in writing, there is space elsewhere to assign the resident, and Housing & Dining approves the request. You may not occupy both sides of the space by spreading your belongings throughout the space or using furniture designated to the other side of the space. Residents who are found occupying more than their assigned space will be billed for the additional space. Please refer to the Assignments section for further information.

Addressing Concerns

Most problems that occur in the residence halls and apartments can be solved within the community. If you have a concern while living in the residence halls or apartments, you should first contact your RA. Depending on the severity of the issue, the RA may decide to contact the community's RD.

If the resident believes their RA has not found a viable solution, or in cases where the RA may be perceived as part of the problem, the resident may speak directly to the community's RD. All RDs work in offices located near the front desk of their

community. After contacting and communicating with the RD, residents who remain dissatisfied with their situation may make an appointment with the Area Coordinator or Associate Director for Housing & Dining by calling the Housing & Dining central office number.

Room Changes

TWU Housing & Dining hopes that you will be happy in your room assignment, but if you find it necessary to request a room change, please do the following:

1. Talk with your RA about your concerns. Sometimes you can work out conflicts or other problems without having to move. This is always the first step before requesting a room change.
2. If you still want to move, complete a Room Change Request form at your residence hall or apartment front desk. All room changes are submitted to your Residence Director for approval before the change can take place. Be sure that you definitely want to make the move before completing a form. If you change your mind, you may be affecting other residents who have requested to move into your vacated space.
3. Room change forms will not be accepted before the 12th class day of the semester. It could take two or three days to process your request. At the beginning of each semester, room changes cannot begin until the 12th class day. Students in temporary housing spaces will then be moved into permanent spaces before other room changes can be considered.
4. If we are able to approve your request, you will receive an approval notice indicating that you will have a 48-hour period to make your move, unless the move is approved on a Friday (the Residence Director in your community may extend your deadline to move through the upcoming Monday). Others may be involved with your move, so please abide by these parameters.
5. If you change rooms without receiving approval, you will be automatically charged for two rooms for the period of time you reside in the new room prior to receiving official approval and will be billed the appropriate lock change charge. There may be reasons that we cannot approve the room change. If this occurs, you will then have to move back to your original assigned room.

We need to know where our residents are residing for their security and comfort, so please work with us when you desire to change rooms.

Checking Out of Your Space

Check-out Cleaning Checklist

Most cleaning and damage charges that residents accumulate at the end of the academic year are the result of residents not returning their room and/or apartment to the condition they were at the beginning of the academic year. Additionally, when residents fail to clean regularly and thoroughly, the resulting build-up of grime can be difficult to remove, which can lead to cleaning charges. The most common examples of room assessments that result in cleaning and/or damage charges

The deposit refund will be credited to your student account minus any room damage or cleaning charges or monies owed to the University, if applicable.

Policies

Abandoned Property

Abandoned property includes items of value that are left behind when residents move out of their rooms and/or apartments. Abandoned property will be inventoried and stored for thirty (30) days after the resident's move out date. The resident will be notified via email to collect their abandoned property. If the abandoned property is

not claimed within thirty (30) days of the date included in the email, Housing will permanently dispose of the items. Additionally, residents who leave behind abandoned property will be charged an hourly rate for the time required to inventory the items AND a daily rate for storage of the items.

Alcohol

Residents and guests must comply with federal, state, and local laws concerning the possession, sale, and consumption of alcoholic beverages. Residents who are of lawful age (at least 21 years old) may consume and possess alcohol in the privacy of their assigned room. However, for the safety of and legal concerns for all residents involved, a resident may not consume nor possess alcohol in their assigned space if their roommate is not of lawful age.

Additionally, alcoholic beverages should always be used in moderation to ensure each resident's right to privacy, sleep, and study within their room and/or apartment. Sufficient reasons for appropriate disciplinary action by the department or university include but are not limited to: disruptive behavior, lack of cleanliness in the residence halls and/or apartments, or any other drinking habits that may be injurious to the health, education, and wellbeing of an individual or those around them.

Bicycles

All bicycles must be registered with the TWU Department of Public Safety, and all cyclists must abide by all traffic regulations. Bicycles must be parked in designated bicycle storage areas, which are placed in convenient locations throughout campus. Housing & Dining encourages residents to secure their bicycles to designated bicycle racks with locks and chains. Bicycles are not to be parked anywhere in the residence halls and/or apartments, except for in designated bicycle storage areas. Approval for indoor bicycle storage must be received from the Residence Director of the community. Bicycle riding is prohibited in hallways, stairwells, and other common areas.

Chalking

Chalk used anywhere on campus must be made for use on sidewalks and must be easily removed by water. Chalking is only allowed on smooth sidewalks where the weather or sprinklers will eventually remove the chalking. Profanity and/or harassment will not be tolerated.

The following areas/campus locations that are prohibited from chalking are listed below, but not limited to:

- Stairwells (Interior & Exterior)
- Sidewalks with an overhang of any kind
- Sidewalks around the perimeter of the ACT building
- Bricked areas anywhere on campus

- Gravel or non-smooth sidewalks
- Any structure or building on campus
- Sidewalks around the Little Chapel
- Parking lots where cars are traveling and parking

Commercial Solicitation and Demonstration

First and foremost, residents are not permitted to operate any kind of business out of their rooms/apartments. Any policy violations regarding commercial solicitation and demonstration may lead to disciplinary sanctions.

Commercial solicitation is prohibited in the residence halls and/or apartments. Commercial solicitation is defined as the selling or disseminating information for the purpose of facilitating the sale of goods, services, and/or any activity that attempts to raise funds (whether through the sale of goods or services or donations for any entity that is not a charitable organization). Representatives of commercial organizations may enter student rooms/apartments only by the invitation of the residents. However, door-to-door solicitation is not permitted, which includes the passing out of flyers or notices under or on resident room/apartment doors. Organizations that violate these policies will not be permitted in the residence halls and/or apartments.

Commercial demonstrations are only permitted in the room/apartment of a student host who has made a prior application to TWU Housing & Dining. Sales may not be made at the demonstration. Organization representatives may consummate sales on an individual basis in the rooms of those students who wish to purchase merchandise. Representatives who present their products and their hosts, are responsible for compliance with all applicable University and TWU Housing & Dining policies. Organizations that violate these policies will not be permitted in the residence halls and/or apartments.

Cooking

Cooking is permitted only in specifically designated cooking areas including apartment kitchens and common area kitchens in each of the residence halls. Frying food in common area kitchens is prohibited. Residents who choose to prepare snacks and/or quick meals in the common area kitchens must take no more than two (2) hours to prepare their food items.

Additionally, the only cooking appliances permitted in the residence halls include the following: UL-approved coffee pots, popcorn poppers, hot pots, and the university-provided MicroFridges. All cooking equipment used in the residence halls and/or apartments must be in excellent working condition.

Refer to Pages 19–20 for a complete list of prohibited items. Any policy violations will be addressed during the health and safety inspections and may lead to disciplinary sanctions.

Damages and Cleaning Charges

Upon signing the TWU Housing & Dining contract and moving into your assigned space, it is your responsibility to review the Room Condition Report with your Resident Assistant and note the condition of your assigned room. Any damages discovered at the time of your checkout that are not previously reported on the Room Condition Report will be your responsibility. You may be assessed damage charges or cleaning charges, which are determined by TWU Housing & Dining and must be paid promptly. Failure to pay the assigned fees will result in a hold or block of your registration and/or issuance of grades or transcripts. Residents who have excessive damages and/or cleaning charges will not be allowed to return to TWU residence halls and apartments and risk eviction during the semester.

The nonexhaustive list of charges below are the **minimum amount** that could be assessed. Depending on the type of damage or degree of cleaning required, the charge(s) will increase to the appropriate level to account for the cost of standard labor. If an outside contractor is needed, a service charge will also be assessed. Any items not listed below will have charges assessed on an individual basis.

Darts and Dartboards

Due to the potential danger to both persons and property, dartboards are prohibited in the residence halls and apartments. However, velcro "darts" are permitted.

Decorations

TWU Housing & Dining encourages all residents to use best judgment when decorating their rooms and/or apartments. Remember: you are responsible for all damages sustained in your room and/or apartment while you live on campus.

Refer to the following procedures when considering adding decorations to and around your residential space. First and foremost, due to safety concerns, posting signs or posters on emergency exit doors, exit signs, and fire extinguishers is prohibited. Due to the use of decorations and lighting, the danger of fire typically increases during the holiday season. To ensure safety within the residence halls, all residents should observe the following policies and procedures:

- I. Live holiday trees and greenery are not permitted anywhere in the residence halls. However, artificial trees are permitted in the residence halls and/or apartments. Electrical lighting is permitted on all artificial trees only if they do not emit heat and they are approved by a nationally recognized testing laboratory (e.g., UL). Thus, one direct plug in each socket, adapters, or surge protectors with multiple sockets are allowed.
- II. Only fire retardant or flameproof decorations (proof required) may be used in student rooms, floor lounges, public lounges, the lobby areas, and on trees.
- III. Students may decorate lounges, lounge windows, lobbies, and main hallway windows. However, only masking tape may be used on windows. Artificial snow may only be used on windows.
 - A. Permission to decorate the residence hall and/or apartment lobby must be obtained from the Residence Director before decorating.
 - B. Permission to decorate community lounges, lounge windows, and/or hallway windows must be obtained from the Resident Assistant before decorating.

- IV. Lights and fire retardant paper decorations may be placed on the cement wall surrounding your room window, but they are not allowed on the window frame. No decorations (i.e., paper, lights, etc.) are permitted in rooms or apartment windows or frames.
- V. All lights must be unplugged each night.
- VI. Decorations should not obstruct doorways, corridors, stairways, access to fire and emergency equipment, or obscure exit signs.

Residents who were responsible for decorating public spaces within the residence halls and/or apartments must remove all decorations and thoroughly clean the previously decorated spaces before the residence halls close for the breaks.

Electrical Appliances

To maintain the safety and security of all residents on campus, it is important that you follow all TWU Housing policies and procedures regarding the use of electrical appliances in the residence halls and apartments.

First and foremost, TWU Housing & Dining encourages all residents to refer to Pages 19 - 20 for an updated list of prohibited items to avoid item confiscation, potential charges, and/or disciplinary sanctions. Additionally, residents should refer to the following information regarding the use of electrical appliances in the residence halls.

- Television sets are permitted in student rooms. If a resident mounts a television to the wall, then the resident will be responsible for any sustained wall damages and charges.
- Refrigerators 4.6 cubic feet or smaller are permitted.
 - Larger appliances, such as microwaves and refrigerators, must not be plugged into a power strip or extension cord; these appliances must be plugged directly into a properly installed outlet.
- Appliances such as radios, stereos, desk lamps, and electric blankets are permitted. However, the total electrical requirements of these items must not exceed the capability of the system. Additionally, these items must be in safe working condition and stored properly.
- Power strips, multi-outlet adapters, and uninterruptible power supplies (UPSs) are permitted; however, they must have a resettable circuit breaker and are only permitted to be directly plugged into a properly installed outlet.
 - Power strips, multi-outlet adapters, UPSs, and stringed lights may never be "daisy-chained" (one plugged into another).
 - All power strips, multi-outlet adapters, and UPSs must be UL-listed and clearly marked as such. "Homemade" extension cords fabricated out of a length of wire and an outlet box are not permitted.
 - Extension cords are not permitted.

As a general tip, never overload outlets or power strips. Tripping circuit breakers are a warning sign not to be ignored. If you have questions about the amount of equipment that may be plugged into an outlet or power strip, contact Risk Management. Never use any power strip that shows signs of damage or overheating. Additionally, when using electrical equipment near any source of moisture, the equipment must be plugged into a Ground Fault Circuit Interrupter (GFCI) equipped outlet or a GFCI adapter directly plugged into a properly installed outlet.

Gambling

Gambling for money or stakes representing money on university property is a violation of state law and is therefore prohibited.

Hoverboards

The use of hoverboards is prohibited on campus.

Illegal Substances and Drugs

The use of illegal drugs is prohibited on university property. TWU students who use illegal substances and/or drugs will be subject to penalties outlined in the Student Handbook, which may include eviction from TWU Housing, disciplinary suspension, or expulsion from the university.

Keys

When residents move into their assigned room or apartment, they are issued a key. This key is for the exclusive use of the assigned resident and should remain in their possession to ensure the safety and security of the room, apartment, and personal property.

In the event a key is lost, the student should immediately notify the front desk staff. If the key is not found within twenty-four (24) hours, the lock to the room will be changed and new keys will be issued to the residents living in the room or apartment. Here are the charges for lost keys and subsequent lock changes for each of the residential communities:

- **Stark Hall:** \$50
- **Guinn Hall:** \$50
- **Parliament Village:** \$50
- **Lowry Woods Two-Bedroom Apartment:** \$150
- **Lowry Woods Three-Bedroom Apartment:** \$200

If you do not return your original room or apartment key upon checking out of your space, then you will be assessed the above charges.

If you feel at risk due to your key being lost or stolen, then you may request an emergency lock change. However, you must explain the circumstances surrounding this request to the front desk staff. If the locksmith cannot come out in a reasonable period of time, then you will be offered a temporary relocation, if possible.

In the event that you lock yourself out of your room, then you may check out a lockout key out at the front desk of your community. Lockout keys should only be used to unlock your door, so you can grab your actual room key and then immediately return the lockout key to the front desk. **You have only fifteen (15) minutes to use and return the lockout key;** otherwise, you will be charged \$25.

Note: **residents are only permitted two (2) free lockouts per academic year**—not per semester. For the third lockout and each lockout thereafter, you will be charged \$25 per lockout. Additionally, student-installed locking hardware on the residence hall or apartment doors is strictly prohibited.

Motorcycles and Mopeds

All motorcycles and mopeds require a university vehicle parking permit, which can be purchased online by visiting the [TWU Parking website](#). Motorcycles must be parked in university parking lots. On the other hand, mopeds may be parked in university parking lots or chained to bicycle racks.

Murals

Residents who want to design and paint murals on a public wall of their on campus community may do so upon approval. Residents should work with their RA to develop the mural design. Additionally, the residents living in or around the painted area must also approve of all mural designs. Then, Housing & Dining must approve the mural design before the mural may be painted. At this point, the university will supply approved paint and equipment; only these materials may be used for the mural. Please note that mural painting is not permitted in individual resident rooms and/or apartments.

Noise

Noise includes any sound, human or otherwise, in your room and/or apartment that can be heard and is disturbing to other individuals either in the same room and/or apartment or nearby rooms and/or apartments. All residents reserve the right to be free from excessive noise at any time while in the residence halls and/or apartments.

Residents must remember that courtesy and good judgment must be observed at all times. With this being said, please note that sound carries easily throughout the residence halls and apartments. Common courtesy and compromise can make community living a positive experience for everyone. TWU Housing is committed to creating and maintaining an environment within the residence halls and/or apartments that allows for a reasonable degree of order and a maximum degree of personal freedom and privacy.

Excessive noise (e.g., yelling, loud talking, loud voices, laughter, stereos including stereos that emit a heavy bass tone regardless of volume, amplified instruments, TVs, radios, animals making noise, etc.) is an infringement on the rights of other residents and is unacceptable. Noise violations are often viewed subjectively by both students and staff. The following examples constitute clear violations of the noise policy and may result in disciplinary action:

- Noises, music, or voices that is clearly distinguishable in the hallway
- Heavy percussion or bass sounds that vibrate through any walls, doors, ceilings, or floors
- Alarms sounding or music playing while no one is present in the room
- Pounding on doors or bouncing sports equipment or other items on the walls or floor of an apartment or hallway
- Failure to respect quiet/courtesy hours (refer to Page 57)

If you should have a concern regarding noise coming from your neighbor's room, contact your neighbor directly and respectfully. If the noise should continue on a repeated basis, contact the front desk or your Resident Assistant for assistance. If noise violations are reported during the campus-wide 24-hour quiet hours, then the violation will be dealt with immediately. Residents who infringe upon the rights of others to sleep and study will be referred to the Residence Director.

Paint

Residents who want to have their room and/or apartment painted should submit a work order. Only rooms with clear signs of wear and tear will be painted. The color choice for all rooms is TWU signature white.

Pets

No Pets are allowed in the residence halls and/or apartments. Only the following types of animals are permitted::

- Emotional Support Animals or service animals approved by the TWU Office of Disability Services for Students (DSS)
- A Fish in a fish bowl or aquarium (up to a maximum 10-gallon tank)

The resident/owner of these animals assume full responsibility for the care, upkeep, damages, extermination, and cleaning fees associated with the animal. Failure to comply with these policies may result in disciplinary actions via the Student Conduct process. Representing an untrained animal as a trained service animal is a misdemeanor punishable by a fine up to \$300 and 30 hours of community service.

Animal owners should clean up after and properly dispose of animal waste in a safe and sanitary manner.

Posting Policy and Procedure

Texas Woman's University Housing & Dining prohibits the placement of flyers and promotional materials within residential buildings or on the outside surfaces of a TWU residential building unless the flyer or promotional material bears an official university logo. All flyers not featuring an official university department logo will be removed and discarded. All university approved organizations who wish to post flyers in the residence halls or around the apartments must first submit the flyer for approval using the Request to Post Flyer in Residential Communities Form, which can be obtained from the Housing & Dining Office. You will be notified via the email you listed on the request form whether your flyer was approved or denied. Additionally, flyers must also be approved and on file at the Center for Student Development. Any and all flyers in the residence halls or around the apartments must be approved by Housing & Dining and follow TWU flyer policies and standards. Any and all flyers posted without approval from Housing & Dining will be removed and discarded.

Public Space Reservations

All public space reservation requests for the residence halls and apartments will be reviewed by the Assistant Director for Housing Facilities and the Residence Director who directly supervises where the requested space is located. Please note that some fees may apply.

Non-registered and non-residence hall groups must undergo the housing facility registration process, which includes completing the Residence Hall Facility Use application and agreement form. These documents can be found in the Housing & Dining office and must be submitted a minimum of twenty (20) days prior to the event. The application must have the written approval of their designee or the Assistant Director for Housing facilities.

For TWU departments and registered student organizations, reservation requests for the Guinn-Stark commons & lounges, Parliament Village courtyard, and Multipurpose Room (MPR) should be submitted online via [Mazevo](#). Registered residence hall

organizations should contact the Residence Director who directly supervises where the requested space is located in addition to completing the registration process.

Quiet Hours

All residents reserve the right to be free from excessive noise at any time while in the residence halls and/or apartments. Residents must remember that courtesy and good judgment must be observed at all times. With this being said, TWU Housing strictly enforces designated Quiet Hours in order to protect this right. During Quiet Hours, all residents are expected to refrain from making excessive noise. Here are the established Quiet Hours for all residence halls and/or apartments:

- **Sunday-Thursday** → 11:00 pm to 7:00 am
- **Friday-Saturday** → 1:00 am to 7:00 am

These are the minimum Quiet Hours; any floor or building may expand these hours, if doing so becomes necessary or desired. Furthermore, campus-wide 24-hour Quiet Hours will be established during finals weeks, which begins on the first day of finals and ends on the last day of finals. Signage declaring 24-Hour Quiet Hours will be posted in the residence halls and apartments.

Sound equipment such as stereos, radios, TVs, and sound amplifiers may only be used if they do not infringe upon the rights of others. Thus, the use of headphones is highly encouraged.

Research

Research may be conducted in residence halls and apartments with prior written approval from the Executive Director of Housing & Dining or their designee.

Skateboards and Skates

The use of skateboards, rollerblades, and roller skates are prohibited on campus.

Stairwells and Hallways

For every day that the bag(s) remain in the hallways, stairwells, or breezeway an additional \$10 fee will be added. Fighting, roughhousing, throwing, bouncing, or kicking of objects in hallways, stairwells, and other common areas are prohibited. Spray painting is prohibited anywhere inside the residence halls and apartments, which includes the stairwells and hallways.

Tobacco

Texas Woman's University discourages the use of all tobacco products and prohibits the use of all tobacco products on property owned and/or operated by Texas Woman's University. The use of vapor (vape) pens, e-cigarettes (e-cigs), and similar devices is prohibited in the residence halls and campus apartments. The use of tobacco products is prohibited indoors and outdoors at the Denton, Dallas, and Houston campuses, facilities, and all student housing units.

Vehicles

Anyone parking a vehicle on campus must obtain an up-to-date parking permit from the TWU Parking Office. All TWU Parking Rules and Regulations will be strictly enforced. All car washing and major automotive repairs are prohibited on campus. Visitors may obtain parking permits on the [TWU Parking website](#).

Visitation and Guest Policies

The responsibility of these policies rests upon the individual, who must maintain their conduct in a manner which takes into consideration roommate(s) or other concerned parties and acts in accordance with all University and residence hall policies. Violations of these responsibilities will be subject to student conduct action, which includes the removal of the privilege to participate in visitation or to host visitors; repeated violations may be grounds for removing the individual or individuals from that living area.

the residence halls or apartments is a violation of the contract between Housing & Dining and the resident.

The Visitation Policy provides assigned residents with the opportunity to host visitors in their residence hall rooms or apartments.

1. A maximum of two visitors per resident can be checked in at any time (this includes residents from another TWU residence hall). No more than six (6) people can be in a room at any time, including assigned residents. Visitors must be escorted at all times by their hosts. An exemption of more than 6 guests may be made for family members at the discretion of the residence hall staff.

Guest Policy

The Guest Policy provides assigned residents with the opportunity to host visitors in their residence hall rooms or apartments for forty-eight (48) hours within a given week.

1. Residents may host a visitor overnight in their TWU residence hall room or apartment with permission of the roommate(s).
2. Visitors may not stay more than 48 hours unless the host has been granted permission by their respective Resident Director.
3. Cohabitation in the residence halls is a violation of the contract between Housing & Dining and the resident. Cohabitation is defined as hosting any visitor (resident or non-resident) exceeding 48 hours within a given week without permission from the Resident Director.

A resident of the building must sign in the visitor at the front desk and then accompany the visitor while in the building. - d. Visitors must comply with all residence hall and University regulations, which include residence hall quiet hours.
- e. Each resident host is responsible for the actions and behavior of their visitor(s) and could be subject to student conduct action.

Special Considerations

A visitor is not only being sponsored by the host but is also being sponsored through the courtesy of the roommate of the host, when applicable, and other residents of that floor or wing. Visitors should recognize this courtesy and respect the rights of residents.

Personal Safety

Residents should be aware that uninvited visitors to the floor, building, or apartment complex jeopardize the security of all residents. Residents are encouraged to immediately notify a residence hall staff member or, if circumstances warrant, University police.

Weapons and Firearms

Emergency Procedures

Active Shooter

An active shooter is considered a suspect or assailant whose activity is immediately causing serious injury or death, and has not been contained.

You may be notified of an active shooter situation on campus via the following means:

- Hearing gunshots
- Receiving a Pioneer Alert (TWU DPS never sends active shooter alerts as a drill; if you get an alert about an active shooter, then it is real)
- Receiving a text message or phone call
- Receiving an email
- Seeing a social media update (follow Pioneer Alert on Twitter)

In the event of an active shooter situation, it is important to quickly determine the most reasonable way to protect your own life. Remember that visitors are likely to follow the lead of students, faculty, and staff during an active shooter situation.

1. **RUN** → If there is an accessible escape path, attempt to evacuate the premises. Be sure to do the following:
 - a. Evacuate regardless of whether others agree to follow.
 - b. Leave your belongings behind.

- c. Help others escape, if possible.
 - d. Prevent individuals from entering an area where the active shooter may be.
 - e. Do not attempt to move wounded people who cannot move on their own.
 - f. Keep your hands visible to responding police.
 - g. Follow the instructions of any police officer encountered during your escape.
 - h. Call TWU DPS when you are safe.
2. **HIDE** → If evacuation is not possible, find a place to hide where the active shooter is less likely to find you. Your hiding place should:
 - a. Be out of the active shooter's view.
 - b. Provide protection if shots are fired in your direction (i.e., an office with a closed and locked door, behind a concrete wall or heavy desk).
 - c. Not trap you or restrict your options for movement.
 3. **FIGHT** → As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter by:
 - a. Any means necessary using improvised weaponry.
 - b. Acting as aggressively and as violent as possible against the shooter if confronted. Coordinating together with others to incapacitate the shooter, by any means necessary.
 - c. Fight for your life.
 - d. Yelling loudly as you fight for your life.
 - e. Committing to your actions.
 - f. If you feel you are about to be shot, and the shooter is close, attack the shooter's weapon to prevent it being used against you.

Evacuation Routes: Emergency Assembly Areas (EAAs)

There are designated assembly areas for each building, all of which are at least one hundred (100) feet from the building. The exit route from the building will determine which area to use. If one site is not available due to equipment or other obstructions, one of the other sites should be used instead. In all instances keep clear of all roadways, parking lots, and sidewalks to ensure a clear path for first responders.

Stark Hall EAA: The south sidewalk by Redbud Lane and the gardens; west lawn area by the gardens and greenhouse.

- Residents using the south stairwell for evacuation: continue downstairs and exit through the south stairwell emergency exit door. Do not exit through the first floor lobby.
- Residents using the north stairwell for evacuation: continue downstairs and exit into the lobby, using the west exterior doors to exit outside.

- Residents in the basement laundry room can use the west dock doors of the building and proceed up the driveway to the designated meeting place for the building. Residents cannot gather on the stairs or porches of the building(s).

Guinn Hall EAA: Northwest lawn near Little Chapel, beyond the volleyball court and Alumni House; lawn at the south side of Little Chapel near the gardens; lawn by Bell Ave near the Commons.

- Residents should exit through the north or south stairwells. Once in the lobby, residents will proceed out the south lobby (back) exterior doors.
- Residents in the basement laundry room can use the east dock doors of the building and proceed up the driveway to the designated meeting place for the building. Residents cannot gather on the stairs or porches of the building(s).

North Hall EAA: North lawn area on the low ropes course.

- Residents using the west stairwell for evacuation: continue downstairs and exit through the west stairwell emergency exit door. Do not exit through the first floor lobby.
- Residents using the east stairwell for evacuation: continue downstairs, using the east exterior doors to exit outside.
- Residents using the center stairwell of the building proceed out the north lobby doors to the designated meeting place for the building.
- Residents cannot gather in the courtyard.

South Hall EAA: Pioneer Park lawn area.

- Residents using the west stairwell for evacuation: continue downstairs and exit through the west stairwell emergency exit door. Do not exit through the first floor lobby.
- Residents using the east stairwell for evacuation: continue downstairs, using the east exterior doors to exit outside.
- Residents using the center stairwell of the building proceed out the south lobby doors to the designated meeting place for the building.
- Residents cannot gather in the courtyard.

Mary's Hall EAA: Lawn area past parking lot, east of tennis courts..

- Residents using the south stairwell for evacuation: continue downstairs and exit through the south stairwell emergency exit door. Do not exit through the first floor lobby.
- Residents using the north stairwell for evacuation: continue downstairs, using the north exterior doors to exit outside.
- Residents using the center stairwell of the building proceed out the lobby doors to the designated meeting place for the building.
- Residents cannot gather in the courtyard or the parking lot.

Lowry Woods EAA: North lawn across the parking lot by Locust St.; East lawn area

near the gardens. In all instances keep clear of all roadways, parking lots, and sidewalks to ensure a clear path for first responders.

- Residents should exit their building using the nearest safe exit route located on each side of the building. Residents and children exiting the Community Center should move to the nearest safe exit as directed by staff.

Fire

In the event of a fire in the residence halls or apartments, it is important to remain calm and follow all of the following procedures:

- Upon hearing the building's fire alarm or seeing smoke or fire, stop all normal activities and take immediate action. Never assume it is a false alarm. If there is a fire or smoke but the fire alarm has not yet been activated, then use the fire alarm pull station.
- If it is safe to do so, turn off all heat-producing equipment and secure any other hazardous materials to prevent a secondary emergency.
- As you exit the building through the nearest emergency exit, gently touch doors before opening them and close all doors and windows, if it is safe to do so. Furthermore, you should warn other individuals as you exit the building.
- Never use the elevators during a fire evacuation. Proceed down the stairwells to exit the building. Once you're safely outside, gather in the designated safety areas. Never go back into the building for any reason until an authorized university official gives the all-clear for everyone to reenter the building. Refrain from propping or holding open doors. Buildings with enclosed stairwells (All except Lowry) have a fire wall for the safety of the residents. For individuals who are unable to use the stairwells, it is important to remain calm and on the stairwell landing with the stairwell door closed. Inform other individuals to tell first responders of your location.
- In the event that you become trapped during a fire evacuation, keep all doors closed and place a wet cloth underneath them to keep smoke out. Contact TWU DPS at 940-898-2911 to inform them of your location.

Tornadoes and Severe Thunderstorms

Tornadoes

A **tornado watch** will be issued when weather conditions are favorable for the development of a tornado. In the event of a tornado watch, you must be ready to act in the case of worsened weather conditions. A **tornado warning** will be issued if there has been a tornado spotted in the immediate area. In the event of tornado warning (which is typically signaled by a building-wide siren or a university-issued Pioneer Alert), you should refer to the following procedures:

- Stay inside and advise others to do the same.
- If it is safe to do so, turn off heat-producing equipment.
- Shelter-in-place in one of the designated safety areas inside the building (Maps of these locations can be found [here](#)).
- Monitor your phone for updates from Pioneer Alert regarding the situation. You can also receive weather updates and alerts via Twitter @TWUReady and @PioneerAlert.
- Wait for a notification from Pioneer Alert to resume normal operations before leaving the shelter-in-place location.

Severe Thunderstorms

If a severe thunderstorm warning is issued for the university, then you should refer to the following procedures:

- Stay inside until the storm passes and advise others to do the same.
- If you are in an area surrounded by windows, then move toward the interior of the room to avoid possible injury from shattered glass.
- If instructed to do so in the case of severe hail and/or winds exceeding 80 mph, stop all activities and shelter-in-place in one of the designated safety areas inside the building.
- Monitor your phone for updates from Pioneer Alert regarding the situation. You can also receive weather updates and alerts via Twitter @TWUReady and @PioneerAlert.

Power Outages

Power outages may occur at any time throughout the year. Typically, power outages occur during severe thunderstorms or ice/snow storms. TWU Housing & Dining encourages residents to always be prepared for power outages. Therefore, in the event of a power outage, it is important to remain calm and refer to the following procedures:

- Whether you are in your room and/or apartment or in a public area such as a stairwell, hallway, or lounge, it is important to stop moving in order to allow your eyes to adjust to the lower light level.
- Follow all instructions by TWU Housing & Dining staff or TWU DPS.
- Do not use the elevators.
- Keep an easily accessible flashlight and batteries in your room and/or apartment. Miniature flashlights are a great tool that you can keep in your

backpack or purse.

- Turn off all lights, appliances, and computers to avoid a power surge on the system once power is restored.
- Keep all refrigerators—miniature or otherwise—closed throughout the power outage.
- Do not use candles or other open flames for lighting purposes.
- Do not spam or tax the emergency telephone systems or GroupMe message groups to tell them about the power outage. The TWU Housing & Dining staff and TWU DPS will already have information about the situation.
- Residents who have disabilities should use a buddy system if they must leave their room and/or apartment.

Bomb Threat

Bomb threats usually come by telephone. If you receive a bomb threat call, remain calm and obtain as much information as possible from the caller including the following:

- When is the bomb going off?
- Where is the bomb now?
- What does the bomb look like?
- What will cause the bomb to go off?
- Where are you calling from?
- What is your name?
- What is your address?

After the phone call, immediately notify TWU DPS at 940-898-2911 with the information you obtained about the bomb threat. Describe the caller's voice, any background noises you heard, and the exact wording of the message. Do not touch suspicious packages. Instead, inform TWU DPS of any suspicious packages, items, or people in the area. Always follow instructions from first responders.

Illness or Injury

If you are ill or sustain an injury, you are encouraged to contact a member of the TWU Housing & Dining staff for assistance. These staff members will contact the proper personnel to assist in taking care of your particular needs.

Missing Person

Housing & Dining will notify all students residing in on-campus housing that they have the option to designate an individual as a contact who will be contacted by the institution no later than 24 hours after the student is determined to be missing. Students under the age of 18 will have their custodial parent contacted. The contact information is located on the Housing application and must be completed at the time of application.

Section 485(j), Missing Persons Procedures, of the Higher Education Opportunity Act (2008) requires institutions of Higher Education that provide on-campus housing to students to establish a Missing Persons Notification policy and procedures. The report of a missing person is initiated when University staff are notified of or become aware of a potential missing residential student. Upon notification of possible missing person housing staff will initiate a missing person report. The 24-hour period begins at the time of notification.

TWU Housing & Dining staff must follow missing person procedures to report and investigate the missing person. Trigger events that will cause a person to be considered missing include contact from concerned individuals, including University officials, about an individual's absence or lack of contact that is contrary to their normal behavior and/or if unusual circumstances may have caused the absence. TWU Housing & Dining staff will collaborate with TWU DPS to follow state guidelines regarding notification and location of missing persons.

Sexual Misconduct

Texas Woman's University is committed to a safe academic and working environment. It is the policy of TWU to provide an educational and working environment for its students, faculty, and staff that is free from sexual misconduct. TWU will not tolerate any act of sexual misconduct. In accordance with federal and state law, the University prohibits all acts of sexual misconduct in its application and admission processes; educational programs and activities; employment policies, procedures and processes; and university facilities.

TWU takes active measures to prevent such conduct and investigates and takes remedial action when appropriate. Individuals who alone, or in concert with others, participate or attempt to participate in prohibited conduct are subject to disciplinary action by the university, notwithstanding any action that may be taken by civil or criminal authorities. Detailed sexual misconduct policy can be found on the [TWU Civility and Community Standards website](#). Students and other individuals, including guests of the University, are encouraged to report suspected sexual misconduct to

the Title IX Coordinator, a Deputy Title IX Coordinator, or the Office of Civility and Community Standards.

All reported incidents will be investigated and, as appropriate, referred to the criminal courts for prosecution, and/or to the Office of Civility and Community Standards for University discipline. Victim counseling and mental health services are available through the Counseling and Psychological Services and other non-university agencies. Please note that all TWU employees, including TWU Housing & Dining staff, are considered mandatory reporters. Therefore if you report information about sexual misconduct to a TWU Housing & Dining staff member, then the staff member must promptly report the misconduct to the Office of Civility and Community Standards (civility@twu.edu or 940-898-2968).

Reporting Incidents

The front desk staff in each residential community are available to handle emergency situations. Should an emergency occur after the front desk's operating hours, the on-call staff can be contacted by dialing the front desk numbers. Additionally, TWU DPS can always be contacted by calling (940) 898-2911. Incidents which occur on university property including crimes, health emergencies, fires, or other similar occurrences should be reported to the Residence Director and TWU DPS.

In addition to the above University housing eligibility requirements, a student must be legally married, as recognized in the State of Texas, or be a single parent who has legal custody of a child(ren) to be eligible for family housing. Further, the student must reside in the assigned University housing with their legal partner, or at least one minor child for whom the student (or their legal partner) has legal custody. Meeting and maintaining appropriate student, married or single parent student status are key factors in obtaining an assignment for the TWU campus family housing apartments.

A valid marriage license, birth certificate(s) and/or adoption paper(s) must be presented at the time of contract signing to verify eligibility. If a child is part of a shared custody situation, a copy of the custody documentation must be provided to Housing & Dining. The size of the apartment assigned is determined by the number of occupants. A two-bedroom apartment will accommodate a maximum of four occupants (legal partners and two children; single parent and two children). Three-bedroom apartments will accommodate a maximum of six occupants (legal partners and four children; single parent and four children).

Only the student, their spouse, and **legally dependent** family members as identified on the housing application may occupy the apartment. All persons listed on the application must reside in the assigned apartment for the term of the contract. Any change in occupant status must be reported in writing to the Assistant Director for Housing Administrative Services. A resident will not be permitted to remain in Texas Woman's University Apartments if eligibility requirements are not being met by the student. The student agrees that the apartment will be occupied only by the individuals listed on the housing application who have been approved by the University. No other individuals are permitted without prior approval. To request approval, the student must follow the visitor and guest policies stated in the Residence Life Handbook.

If a resident in family housing gets married or gives birth to a child, they must notify Housing & Dining within seven (7) days of the marriage or birth and provide supporting documentation (e.g. birth certificate, marriage license) to request approval for additional occupant(s).

4. **RESIDENCY REQUIREMENT:** All full-time undergraduates (taking 12 or more credit hours) who have not completed 60 credit hours are required to live in on campus housing. Exceptions are made for:
 - students residing with their parent or legal guardian within a 40 mile commutable radius of the campus,
 - students who are at least 21 years of age,
 - students who are married,
 - students who are active military or veterans of military service, or
 - students with legally dependent children.

Students who wish to be exempt must apply for an exemption prior to the residence

halls Opening Day. A Housing & Dining administrator will review requests for exemption. All decisions made shall be considered final. Once the contract is signed, if an exemption is later granted, the student may be responsible for the cancellation charges.

5. **ASSIGNMENT:** Texas Woman's University is an equal opportunity institution and, as such, assigns space to qualified, enrolled, degree-seeking full-time students without regard to race, color, religion, sexual orientation, national origin, disability, or age, as provided by law and in accordance with the University's respect for personal dignity. Basic housing is a room occupied by two persons of the same gender, except in the gender inclusive designated community.

Assignments to a specific building, type of housing, room/apartment capacity, or specific roommate(s) are not guaranteed.

Housing is not guaranteed by completing the housing application process. If a prospective resident has completed the Housing & Dining application process and the University is unable to grant housing due to occupancy levels, they will be refunded their deposit.

6. **ACCOMMODATIONS:** Students needing a housing accommodation should contact Disability Services for Students. For detailed information and a list of required documentation, see <https://www.twu.edu/disability-services/>. Students with contracts may request consideration for accommodation. Priority is given to students applying by June 1. While late requests for accommodations may be submitted, such requests are subject to room availability.
7. **ROOMMATES:** The University will attempt to honor roommate requests when students involved have indicated each other as roommates within the student roommate matching program supported by Housing & Dining, and both have applied within the same self-selection period.
8. **USE OF ASSIGNED SPACE:** Occupancy of space in University housing is permitted only by the student to whom the space is assigned. In family housing, University housing space must be occupied only by the student and family members as specified in the Family Housing section of this document. Space may not be sublet to any other person(s). The student may not share assigned space with any other individual(s) not officially assigned to that space by the University. Use of space for specific visitation and guest policy information is governed by the Residence Life Handbook available on the TWU Housing & Dining website and prior approval must be obtained. The student may not refuse or prevent another assigned student from residing in a shared space (bedroom or apartment). If the student refuses or prevents a new occupant from residing in a shared space, conduct action (including eviction), may be taken against the student or, at the University's discretion, if they pay for all empty beds in a room/ apartment and there is room available for all others elsewhere, the student may be assigned space as a single occupant.
9. **ROOM CHANGES:** Students may request relocation to another room or space at times specified by Housing & Dining, throughout the year. A Resident's Room Change request must be made to their Residence Director. The Residence Director must first approve the request, before the move(s) can take place. Upon approval, the student

has 48 hours to relocate. Any student who moves prior to receiving written approval or after the 48 hours will be subject to a \$100.00 charge and student conduct action. Room changes are not guaranteed. The resident must be eligible to live in the housing requested. If approved, the resident will have their bill prorated for their previous housing and for their new housing.

10. **CONSOLIDATION AND VACANCY OPTION:** Consolidation is defined as the moving together of residents by Housing & Dining who are paying for a double occupancy room but for some reason, not necessarily because of their actions, are currently in a room with no assigned roommate; or are living in an apartment with empty rooms. Double rooms are normally occupied by two students and a two or three bed apartment is normally occupied by two or three students respectively. If one or more of the occupants does not check in, or, later moves out, the remaining residents may be required to consolidate. Consolidation may also take place before the start of a term. This does not apply to family housing.
11. **PAYMENT OF FEES:** The student agrees to accept the assigned space in University housing and pay housing and dining fees as established by the University for the applicable Academic Year on or before the published payment dates. Rates and fees can be found at www.twu.edu/housing. It is the responsibility of the student to routinely check their student account to determine outstanding balances.

Students who receive financial aid awards are required to pay all housing and dining costs not covered by their awards by the payment date set by the University. Financial aid may not be used to pay the required housing deposit and application fee without approval from Housing & Dining. Room rates and board are reduced only for the student who is assigned a space AFTER the conclusion of the FIRST WEEK of classes. Rates are also adjusted on a pro-rated basis if the room or meal plan type changes, before the 11th day of class, and thereafter changes will be subject to additional fees provided herein. Failure to pay fees in a timely manner will be a material breach of this contract.

The adopted University housing and meal plan rates will be effective for the contract term. University housing will be available for check-in Opening Day in the Fall semester through the closing of University housing in May, subject to the terms herein and rules and regulations of the University.

- **Application Fee-** Student agrees to pay the \$50 nonrefundable and non-transferrable application/contract fee for Housing.
 - **Deposit-** Student agrees to pay a security deposit of \$100 at the time of signing the contract. The \$100 room deposit will be refunded to the student upon satisfactory completion of the contract which includes checking out of the residence hall or apartment in compliance with Housing & Dining policy, rules and instructions and after the University determines the assigned housing was left in good condition.

- medical withdrawal from the University;
- academic disqualification, e.g. academic suspension or credit hour enrollment;
- moving to another TWU campus; or
- such other circumstances with the prior approval of the Executive Director of Housing & Dining or their designee.

The University will waive cancellation fees if a cancellation application is

submitted, and documentation is provided by November 1 that supports the following:

A request for an exception to the enrollment deadline for returning students will be considered upon the student's written communication to the Housing & Dining Office.

Any carry-over balance is added to the student's Spring meal selections. Balances will not carry over to the following semester at the end of the Spring semester.

Exemptions

The University, in unique circumstances, may exempt a student from the required meal plan for documented medical conditions or religious dietary observance. It should be noted that all documentation must be submitted to the Executive Director of Housing and Dining or designee by the 11th class day in order for a request to be considered for that semester. Please note that the meal plan exemptions requests will only be considered for those who demonstrate that a campus dining plan cannot in any way satisfy their dietary needs, and they must provide appropriate supporting documentation. It is the responsibility of the student to obtain any and all required approvals or necessary documentation.

13. **TERMINATION OF THIS CONTRACT BY THE UNIVERSITY:** The student must check in to their assigned room by 5pm on the first day of class of the term they are scheduled to move in, unless written special arrangements are made with the Housing & Dining Office. Contracts will be cancelled at 5pm on the first day of class of the semester for failure to complete proper check in procedures or for failure to obtain special arrangements for check in.

If a student is suspended, expelled, or otherwise removed from the University or Housing for disciplinary reasons, the University will terminate the contract. In such

cases, the student will be required to vacate the room/apartment within 48 hours after notification of such action by the University, or sooner if directed by the Executive Director of Housing & Dining or designee. When the Executive Director of Housing & Dining or designee believes that the continued presence of a student living in Housing is not in the best interest of the institution, including if the student poses a danger to persons or property, is a direct threat to persons or property, or is significantly disruptive to the normal operations of the residence halls/apartments, the student may be removed from Housing pending the outcome of a student conduct process and/or administrative contract review. Students who are removed from Housing for reasons stated in this paragraph will be held financially responsible for the entire semester's room rent, and may not be eligible to apply for future on campus housing.

Force Majeure: University shall not be held liable or responsible to Student nor be deemed to have defaulted under or breached this contract for failure or delay in fulfilling or performing any obligation under this contract when such failure or delay is caused by or results from causes beyond the reasonable control of the University, including but not limited to fire, floods, pandemics, embargoes, war, acts of war, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the University shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. The University shall provide the student party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

14. **CHECK-IN:** Check-in occurs on or after Opening Day. If a student needs to move-in before Opening Day, they must provide a written request and obtain written approval from Housing & Dining, and additional fees may apply. When a student is issued a room key and they take possession of the key, they are considered checked-in and moved-in. At the time of move-in, residents should check their room for damages. If there are any damages at the time of move-in, then residents should contact their RA within forty-eight (48) hours of moving in to ensure their Room Condition Report is up-to-date.
15. **CHECK-OUT:** The student must check-out within 24 hours after the student's last final exam of the Spring semester (Fall semester for those not enrolling for the Spring semester), or by noon on the last day of the semester per the TWU Academic Calendar, whichever comes first. The student is to vacate the space within 48 hours after withdrawal or dismissal from the University, or be held liable for room charges beyond their last date of attendance. Failure to move out within the prescribed period may result in a \$100 per day charge, conduct action, or any or all of the foregoing. The University will not be held responsible for student belongings that are not timely removed by dates provided for in rules or instructions by University officials and reserves the right to take possession of and discard such belongings, change all applicable locks, and charge the student for all necessary expenses. The student is expected to complete a proper check out prior to leaving the assigned space, as outlined in the Residence Life Handbook available on the TWU Housing website. Failure to follow the check-out policy may result in additional charges.

When one occupant in a room/apartment moves out while others remain, each is equally and jointly responsible for cleaning the room, bathroom, and common areas. If any of those spaces are found to be in an unacceptable condition, cleaning services will be provided and all residents will be held responsible for cleaning charges. The student must also return all keys to a Residence Hall/Apt. staff member.

If the student is departing prior to April 15, a cancellation form must be completed prior to checkout. Failure to comply with this process may result in additional charges.

16. **BEHAVIOR AND CONDUCT:** The Student is responsible for knowing and observing University policies, rules, regulations and procedures including those in the TWU Student Handbook, Student Code of Conduct, and the Residence Life Handbook. These resources are available online at www.twu.edu. The Student is also responsible for observing all applicable federal, state, and local regulations and laws. The University reserves the right to make other rules and regulations as in its judgment may be in its best interest, including those deemed necessary for the safety, care, and cleanliness of the premises and for the preservation of order. Student agrees to abide by all additional rules and regulations that are adopted. Any student whose contract is terminated as a result of violating The Student Code of Conduct, Residence Life Handbook or as a result of any other conduct sanction, will be held financially responsible for the entire semester's room rent. Failure to abide by all University policies, rules, regulations and procedures and federal, state and local regulations and laws may result in contract modification or termination.
17. **CARE OF FACILITIES:** The Student is responsible for care of rooms, furnishings, and equipment in Housing. Student is responsible for keeping the assigned unit clean and sanitary. In order for the campus to remain committed to environmental responsibility, the student is responsible for disposing of trash and recyclable materials in bins provided in all common areas. The student agrees to cooperate with roommates in the common protection of University and personal property. The student also agrees to refrain from modifying the space in any way, except as expressly permitted in writing by designated Housing & Dining staff and to promptly pay all assessed charges for damages, special cleaning, or maintenance resulting from misuse or modification of the facility. The student is jointly liable with roommates and/or suitemates for assessed charges in the room, apartment, or common area of the residence hall, unless the responsible individual is identified.
18. **KEYS/CARD ACCESS:** Student agrees not to duplicate any keys assigned or transfer their keys or identification card to another person, and will be subject to conduct action or termination of this contract if this occurs. If keys are not returned at check out or if the keys are lost or stolen, the student agrees to pay for all lock changes and key replacements. If the keys are not returned within two business days of the end of the Spring semester, the student will be billed for the lock change, and any items remaining in their assigned space will be treated as abandoned property. Student is responsible for securing the assigned unit at all times and taking such precautions as is necessary for personal and property protection.
19. **ROOM ACCESS:** The University reserves the right to have authorized University staff, property management personnel, state officials, and other authorized personnel enter the student's assigned living space at reasonable times with at least two days' notice to inspect, maintain, and repair the premises and furnishings. If a student submits a work request, by submission of the request they authorize room access with no notice.

Students are expected to promptly report damages and necessary repairs, in accordance with established and published procedures. In the event of an emergency, notice may be given immediately before entering. In accordance with the Residence Life Handbook, when authorized personnel have a reasonable belief that a violation of a University or Housing regulation, local ordinance, state or federal

statute is in progress, and/or other emergencies exist, they may enter the student's rooms/apartments/suites/house without notice. Student's submission of this contract, whether online or in some other format, constitutes explicit consent for authorized personnel to enter the student's rooms, apartments, and/or suites without notice for such purposes.

20. **DINING SERVICES:** The student agrees that, while living in the residence halls (e.g. Guinn, Stark, Parliament Village) they will purchase a residential meal plan for the entire period of the contract. If no meal plan is selected, the student will automatically be assigned and charged the 15 meals per week plan. Students living in Lowry Woods apartments are not required to purchase a meal plan, and may select from any residential or commuter meal plan option. Lowry Woods residents will be provided \$50 Dining Dollars that will be included in each semester's rent.

Meal plans are available for use from Opening Day of the Fall semester through the close of University housing in May; dining and retail locations may be closed or offer limited service during University breaks, holidays or other official closures.

Board Meals from all plans can be used according to the number of meals in the plan during the meal periods allowed per day. Unused board meals do not carry over and reset each Saturday.

Residents may change to a different residential meal plan through the 11th class day each academic term. Residents may not change their semester meal plan after the 11th class day of the academic term. More than two (2) meal plan changes, after the initial selection will result in a \$50 administrative fee for each additional change.

21. **LIMITATION OF UNIVERSITY LIABILITY:** The University is not liable for damage to or loss of personal property, or failure or interruption of utilities. Students are encouraged to review family homeowner's insurance policies or to carry personal renters insurance. Student understands that the University's insurance generally does not cover a student's belongings from losses. Further, the University is not liable for any personal conflict between students and co-residents, resident's guests or invitees, or with any other individuals, in on campus residence halls or apartments. A conflict between students does not constitute grounds for contract termination.

The University shall not be liable for any death, injury, damage or loss to person or property, including, but not limited to, any death, injury, damage or loss caused by burglary, assault, vandalism, theft or any other crimes, negligence of others, wind, rain, flood, hail, ice, snow, lightning, fire, smoke, explosions, natural disaster or other acts of God, or any other cause except as provide by law; and the Student hereby expressly waives all claims for such death, injury, damage or loss. Resident agrees to indemnify, defend and hold harmless the University, and its respective officers, directors, members, managers, agents, employees and legal representatives from any and all liabilities, claims, suits, demands, losses, damages, fines, penalties, fees, costs or expenses (including, but not limited to, reasonable attorney's fees, costs and expenses if permitted by prevailing law) arising by reason of any death, injury, damage or loss sustained by any person, including Student, Student's guests and invitees.

22. **IMMUNIZATION:** The student, or parent or guardian of the student, will be required to provide Admissions Processing the documentation required by current law showing the student has received the bacterial meningitis vaccination or booster during the

five-year period prior to enrollment, and not less than 10 days before the move- in day or that the student is exempt from the requirement. Students, 22 years of age or older, are not required to file the exemption or show proof of the vaccination.

23. **PHOTO RELEASE:** The Student grants Texas Woman's University permission to record Student's participation in and appearance on videotape, audiotape, film, photograph or any other medium. The Student also grants Texas Woman's University permission to use Student's name, likeness, voice and biographical material in connection with such recordings; exhibit or distribute such recordings in whole or in part without restrictions or limitation for any legal purpose, including without limitation, educational or promotional purposes, which the University and those acting pursuant to its authority deem appropriate; and copyright such recordings in its own name or to publish, to market and to assign such recordings without consideration, compensation or report to Student. Should a student (or, if under 18 years of age, their parent/guardian) NOT want to be photographed or recorded, or have their name, voice, or biographical material used in connection with any such recording, the student must complete a copy of the appropriate Opt Out of Photograph Release form available at the Housing & Dining office and return it. Unless you complete the Opt Out of Photograph Release form, your presence in or around Housing & Dining facilities and/or properties, as well as at on and off campus Housing & Dining sponsored events, will constitute your consent to the capturing and/or use of your image and/or voice, name and biographical material by the Department of Housing & Dining and you expressly and impliedly waive any claims or rights, whether in law or equity, related thereto.

24. **ILLEGAL SUBSTANCE:** The University has a campus-wide zero tolerance for illegal substances, the purpose of which is to promote a healthy learning environment on campus. Any illegal possession, use, delivery, sale, or distribution of illegal drugs, controlled substances or drug paraphernalia may result in a termination of this contract and an eviction from Housing, if the student is found responsible. Unlawful possession, use or abuse of alcohol is strictly prohibited in and on all property owned, leased or controlled (temporarily or permanently) by the university or at any university event. The University has a strict no-tolerance policy towards underage drinking, driving while intoxicated and being under the influence of alcohol. The University condemns any act related to the consumption of alcohol that impairs, interferes, or endangers the safety or enjoyment of others, including the individual who chooses to consume the alcohol. Any student whose contract is terminated as a result of violating the Student Code of Conduct, Residence Life Handbook or as a result of any other disciplinary sanction, will be held financially responsible for the semester's rent.

25. **SURVIVAL:** Expiration or termination of the contract for any reason does not release Student from any liability or obligation set forth in the contract that is expressly stated to survive any such expiration or termination, that by its nature would be intended to be applicable following any such expiration or termination, or that is necessary to fulfill the essential purpose of the contract, including without limitation the provisions regarding indemnification, confidentiality, and rights and remedies upon termination.
