Board of Regents and Administrative Officers

Board of Regents

Jill Jester, Presiding Officer and Chair
Kathleen Wu, Assistant Presiding Officer and Vice Chair (TWU alumna)
Teresa Doggett
Carlos L. Gallardo
Janelle Shepard
Bernadette Coleman (TWU alumna)
Bob Hyde
Stacie D. McDavid
Mary P. Wilson
Lexi M. D’Arosca, Student Regent

Officers of Administration

Carine M. Feyten, Chancellor and President. B.A., Université Catholique Louvain; M.A., Université Catholique Louvain; Ph.D., University of South Florida.

Carolyn Kupinus, Interim Provost and Vice President for Academic Affairs. B.A., Centenary College of Louisiana; M.A., Texas Tech University; Ph.D., Pennsylvania State University.

Jennifer Martin, Executive Vice Provost. B.S., Lamar University; M.S., Lamar University; Ph.D., Texas Woman’s University.

Jason Tomlinson, Vice President for Finance and Administration. B.S., University of Kentucky; M.B.A., University of Kentucky.

Monica Mendez-Grant, Vice President for Student Life. B.B.A., University of North Texas; M.Ed., University of North Texas; Ed.D., University of North Texas.

Kimberly A. Russell, Vice President for University Advancement. B.A., University of Texas at Tyler; M.A., University of North Texas; Ed.D., University of North Texas.

Randall Langston, Vice President for Enrollment Management. B.S., Sam Houston State University; M.Ed., Texas Tech University; Ph.D., University of the Free State.

Role and Scope

Texas Woman’s University is a Doctoral, Professions Dominant public university, primarily for women, offering baccalaureate, master’s and doctoral degree programs. A teaching and research institution, the University emphasizes the liberal arts and sciences and specialized or professional studies. Texas Woman’s University is the largest university primarily for women in the United States.

The University is committed to creating a campus environment which empowers students of different ages, social status, and ethnicity to obtain the essential knowledge, skills, independence, and confidence needed to enhance their prospects of success. Students are provided numerous opportunities to express their points of view, to test ideas, to make decisions, and to succeed as leaders.

The University offers high quality education in the liberal arts and sciences and professional studies. The University also conducts research to enhance the progress and welfare of the people of Texas, the nation and the world in a time of rapid technological and social change. Texas Woman’s University serves as a source of knowledge and as a depository of information about women and their contributions to the history and advancement of the state of Texas, the nation, and the world.

Health-related studies and graduate education are integral to the mission of Texas Woman’s University. Texas Woman’s University has for many years been a regional and national leader in offering nursing and health science programs. These programs have evolved, as knowledge and technology in the health sciences have changed, to meet diverse health care needs. Texas Woman’s University continues as the largest provider of nursing and allied health professionals in the state and one of the largest in the nation. The University offers co-educational opportunities for study at the undergraduate or graduate level.

Doctoral programs are offered in allied health sciences, education, human ecology, kinesiology, library and information studies, nursing, and selected areas of the arts, humanities, and natural and social sciences.

Texas Woman’s University, with its main campus in Denton and two health science centers in Dallas and Houston, serves not only the north central region, but also the entire state of Texas. The Dallas Center, with sites at Parkland and Presbyterian Hospitals, offers academic programs in a variety of health science fields to serve this major area of Texas. The Houston Center, located in the Texas Medical Center, provides an excellent setting for students of health science and related fields. The graduate programs in health care administration, nursing, nutrition and dietetics, occupational therapy, and physical therapy offered in Houston are in the vanguard of graduate-level, professional health education in the Southwest.

The University provides many special opportunities for its students, including independent study, clinical education, and practical work experience. Worthy of special note are large and diverse cooperative education, practica and internship programs which integrate classroom study with planned and supervised work experience at the undergraduate and graduate levels.

Texas Woman’s University is a pioneer in preparing women to pursue careers in such fields as allied health, librarianship, nursing, nutrition, social work, and teaching. As other opportunities have become available, the University has made a special commitment to attract women to study in mathematics, the natural and physical sciences, and business.

Undergraduate and selected graduate programs are offered to increase the participation of women in fields in which women have been historically under represented.

Texas Woman’s University educates women to excel and to assume leadership roles in both traditional and nontraditional endeavors. The training of women as leaders and decision makers is crucial to the progress of women and society. The University seeks to provide an academic and social climate for women to develop and use their leadership skills to serve society. Through work with campus and student organizations, as well as through involvement in institutional governance, Texas Woman’s University affords students formal and informal opportunities to become leaders.
Role and Scope (Continued)

Texas Woman’s University occupies a special niche in public higher education in Texas as an institution, primarily for women, which offers a broad range of baccalaureate programs in the liberal arts and sciences and professional fields; graduate programs which emphasize the health sciences, human services professions, traditional female fields, as well as selected areas of arts and sciences; and a campus environment which cultivates leaders. It conducts basic and applied research with special focus on interdisciplinary work in education, nutrition, health and natural sciences, women’s studies, and family studies.

Approved by the Texas Higher Education Coordinating Board, October, 2005.

Mission

Texas Woman’s University (TWU) cultivates engaged leaders and global citizens by leveraging its historical strengths in health, liberal arts, and education and its standing as the nation’s largest public university primarily for women. Committed to transformational learning, discovery, and service in an inclusive environment that embraces diversity. Texas Woman’s inspires excellence and a pioneering spirit.

Approved by the Texas Higher Education Coordinating Board, 2016.

Research Mission Statement

In the following text, the term “research” is used as it is used broadly in academic discussion, to include not only the diverse activities that comprise inquiry but also the forms of public statement of results of inquiry, such as publication, performance, or presentation.

It is the special research mission of the Texas Woman’s University:
  • to support faculty and student efforts to expand the domain of human knowledge, imagination, and forms of expression, particularly in those disciplines in which the University awards the doctoral degree;
  • to contribute to improvements in professional practice through dissemination of knowledge and through research, particularly in those disciplines and professions in which the University awards graduate degrees;
  • to serve as a resource depository for information and knowledge about women, their cultural diversity, and their particular contribution to the history and progress of the State of Texas, the nation, and the world;
  • to collaborate with public and private agencies and corporations in research directed toward improvements in the quality of their products and services.

The mission statement calls for the development of basic or theoretical knowledge in those programs in which the University offers doctoral degrees. The test of whether faculty or students succeed in this kind of research is the extent to which their claims to have expanded the domain are accepted by the community of scholars through the peer review process, as it happens both on campus and in the larger community.

In its master’s programs, it is the mission of the University to engage in research to contribute to development of the arts and sciences, professional practice, and technology, where technology is broadly conceived to embrace not only physical tools but also social arrangements and intellectual devices. Improvements and innovations in the services offered by institutions such as hospitals, schools and libraries are often products of research in social technology. The test of success in this kind of research is the extent to which practitioners of professions, arts and technologies recognize the contributions of faculty and students.

Approved by the Board of Regents, 12/90
Historical Statement

Texas Woman’s University is a teaching and research institution emphasizing the liberal arts and specialized or professional studies. Established in 1901 by an act of the 27th Legislature as the Girls Industrial College, the institution began classes in 1903. TWU is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award baccalaureate, master’s and doctoral degrees.

In 1905 the Legislature changed the name to the College of Industrial Arts. The college grew in academic excellence, in size and scope, and in reputation. The rising academic qualifications of the faculty, the building of a substantial library and research and instructional facilities, and the increasing demand for graduate education for women led to the establishment of graduate studies at the college in 1930.

In 1934 the name of the institution was changed to the Texas State College for Women to describe more accurately the scope of the school. Doctoral degrees were first awarded in 1953. Since 1957 the name has been Texas Woman’s University, reflecting its status as a major institution of higher learning offering baccalaureate, master’s and doctoral degrees. As is indicated by the name, Texas Woman’s University has historically been a single-sex institution. However, in 1972 the University began accepting qualified men into the Institute of Health Sciences and the Graduate School. Effective in 1994, all areas of the University were opened to qualified male and female applicants.

Academically, the University includes the College of Arts and Sciences (including the School of the Arts and the School of Management), the College of Professional Education (including the School of Library and Information Studies), the College of Health Sciences (including the Schools of Physical Therapy and Occupational Therapy), and the College of Nursing. The Graduate School administers graduate programs in each of these schools and colleges. Now in its twelfth decade, the University has become a major public university serving by approximately 450 faculty members and 15,000 students. The curriculum, which led to the award of baccalaureate degrees for the first time in 1915, now accommodates studies that lead to doctoral degrees in each of the colleges of the University.
Highlights

1901 - the bill was passed into law creating the Girls Industrial College.

1903 - first classes held.

1904 - first graduating class with one graduate, Beulah Kincaid.

1905 - name changed to College of Industrial Arts (CIA).

1923 - initial accreditation by Commission on Colleges of the Southern Association of Colleges and Schools.

1934 - name changed to Texas State College for Women (TSCW).

1950 - the nursing program became the first nationally accredited nursing school in Texas.

1953 - first PhD degrees awarded; Alice Knapper Milsom-Dietetics & Nutrition and Mae Yoder Moor-Textile Technology.

1954 - nursing training began in cooperation with Parkland Hospital in Dallas.

1956 - the first building in the nation dedicated to library science instruction was opened.

1957 - name changed to Texas Woman's University (TWU).

1963 - nursing students began receiving training at the Medical Center of Houston.

1966 - Parkland Hospital campus center was established.

1977 - the Presbyterian Hospital campus center was dedicated.

1989-90 - the production Six Women with Brain Death...or Expiring Minds Want to Know won national honors at the American College Theatre Festival and six performances were held at the Kennedy Center in Washington D.C.

1993 - TWU ranked 1st in the state and 3rd in the nation for the number of doctorates granted in health sciences.

1994 - TWU opened its General Divisions to qualified males.

1995 - TWU added its fifth NCAA intercollegiate sports program (softball), now offering basketball, gymnastics, softball, tennis, and volleyball.

1996 - the TWU gymnastic team became known as the “Quad Squad” after winning their fourth consecutive USA Gymnastics Collegiate National Championship.

1998 - the TWU gymnastic team regained their national title, winning their fifth out of the last six years USA Gymnastics Collegiate National Championship.

2000 - the TWU gymnastic team won their sixth USA Gymnastics Collegiate National Championship title since 1993. The team recorded an event-high and school record score of 193.850 and won by the largest margin of victory in the 14-year history of the event.

2002 - the TWU soccer team began their inaugural season in the Fall.

2003 - SACS reaffirmed accreditation of TWU for an additional ten years.

2003 - the TWU Gymnastics team won their seventh USA Gymnastics Collegiate National Championship title since 2000 with a meet-record team score of 195.600. The team also led all schools with 16 gymnasts earning USAG All-American status.

2004 - TWU had the largest college of nursing in Texas and produced more new nurses than any other program in the state.

2005 - TWU Concert Choir made its Carnegie Hall debut.

2006 - TWU became the first public university in Texas to offer a specialist degree in school psychology.

2008-11 - TWU is the only university in Texas selected to participate in the American Democracy Project Civic Agency Initiative.

2010 - TWU produces more speech language pathologists and deaf educators than any other program in the state.

2010 - TWU becomes the first university in Texas to offer a Ph.D. in women's studies.

2011 - TWU Basketball Team captures its first-ever Lone Star Conference Championship and advances to the NCAA Tournament.

2011 - TWU T. Boone Pickens Institute of Health Sciences--Dallas Center opens (combining Parkland and Presbyterian centers).

2012 - The University launches its mobile website, TWU Mobile, in January.

2015 - TWU has one of the most diverse student populations (3rd in Texas and 10th nationally).

2015 - TWU ranks among the 40 safest colleges and universities in the nation.

2015 - Washington Monthly ranks TWU 9th in the southern region for offering the “Best Bang for the Buck.”

2015 - TWU Gymnastics ranked No. 1 in the country in team GPA with 3.79 out of NCAA Division I, II, and III schools.

2015 - TWU Basketball ranked in the top 25 nationally in the Division II Sports Information Directors Association poll for the first time in school history.

2016 - TWU student athletes are recognized for academic excellence by being named recipients of the NCAA Division II Athletics Directors Association Academic Achievement Award. These top student-athletes participated in the sports of Basketball, Gymnastics, Soccer, Softball, and Volleyball.

2017 - TWU Gymnastics captures USA Gymnastics National Championship No. 10.
Cooperative Programs

- TWU is a member of the Federation of North Texas Area Universities with Texas A&M - Commerce and the University of North Texas. Affiliate members include the University of Texas at Arlington, the University of Texas at Dallas, and the Dallas County Community College District. Cooperative graduate programs are offered in education, molecular biology, psychology, reading, sociology, and special education.
- TWU has cooperative programs with Mukogawa Women’s University and Baiko Jo Gaukin College in Japan.
- A 3+2 program between TWU and the University of Texas at Dallas enables women to prepare for professional careers in engineering while earning two degrees over a five-year period - a degree in mathematics from TWU after three years and a degree in electrical engineering from UT-Dallas after an additional two years of study.
- TWU offers a dual degree program between the College of Arts and Sciences at Texas Woman’s University and the Dwight Llook College of Engineering at Texas A&M University which allows students to earn two degrees, one in mathematics and the other in engineering, simultaneously.
- TWU is the only north Texas university participating in a seven-member organization funded by the National Science Foundation to redesign undergraduate engineering culture and curriculum.
- TWU is one of three Texas universities providing instruction for a comprehensive executive development program - the Law Enforcement Management Institute - for law enforcement administrators. Other universities are Texas A&M University and Sam Houston State University.
- TWU offers cooperative programs at the Universities Center at Dallas with Texas A&M - Commerce, the University of North Texas, the University of Texas at Arlington, and the University of Texas at Dallas. Degrees in Criminal Justice (BS), and Business Administration (IBBA, MBA) are offered.
- The College of Nursing in Houston has a collaborative pediatric nurse practitioner program with the University of Texas Houston Health Science Center. Students take courses at both schools as part of the program, but receive a degree from the school in which they originally enrolled.
- Texas Woman’s University, through the efforts of the Department of Chemistry and Physics, is a collaborative partner with the eight Texas A&M University System schools and Angelo State University. This collaborative is pursuing National Science Foundation funding to impact the manner in which pre-service teachers of science and mathematics are prepared via the Texas Collaborative for Excellence in Teaching Preparation and the manner in which in-service teachers are retrained via the Texas Collaborative for Teacher Enhancement.
- The Department of Fashion and Textiles has an internationally recognized program in fabric cleaning funded by the Texas Food and Fiber Commission, the U.S. Environmental Protection Agency, private companies and industry.
- The Department of Performing Arts music component has maintained an ongoing partnership with the Denton Community Band and Orchestra in which TWU students participate in the ensembles for credit and as a part of degree work. In exchange, the community organizations are given use of rehearsal space and some performance access throughout the year. Also, a faculty/student partnership exists between the music program at TWU and its counterpart at Brookhaven College (Dallas). Students enrolled in chamber music (flute choir) at both universities periodically combine forces to present large public concerts. These initiatives have allowed the department to enhance the performance opportunities for instrumentalists at minimum cost while supporting significant community outreach options.

Services

- TWU operates several clinics, centers, and institutes: Dental Hygiene Clinic; Counseling and Family Therapy Clinic; Exercise and Sports Nutrition Clinic; Speech, Language, and Hearing Clinic; Stroke Center, Dallas; Music Therapy Clinic, Institute for Women’s Health Power of a Healthy Woman Symposium; CAFFE Dysphagia Clinic.

Distinctions

Cooperative Programs

- TWU is a member of the Federation of North Texas Area Universities with Texas A&M - Commerce and the University of North Texas. Affiliate members include the University of Texas at Arlington, the University of Texas at Dallas, and the Dallas County Community College District. Cooperative graduate programs are offered in education, molecular biology, psychology, reading, sociology, and special education.
- TWU has cooperative programs with Mukogawa Women’s University and Baiko Jo Gaukin College in Japan.
- A 3+2 program between TWU and the University of Texas at Dallas enables women to prepare for professional careers in engineering while earning two degrees over a five-year period - a degree in mathematics from TWU after three years and a degree in electrical engineering from UT-Dallas after an additional two years of study.
- TWU offers a dual degree program between the College of Arts and Sciences at Texas Woman’s University and the Dwight Look College of Engineering at Texas A&M University which allows students to earn two degrees, one in mathematics and the other in engineering, simultaneously.
- TWU is the only north Texas university participating in a seven-member organization funded by the National Science Foundation to redesign undergraduate engineering culture and curriculum.

Also, a faculty/student partnership exists between the music program at TWU and its counterpart at Brookhaven College (Dallas). Students enrolled in chamber music (flute choir) at both universities periodically combine forces to present large public concerts. These initiatives have allowed the department to enhance the performance opportunities for instrumentalists at minimum cost while supporting significant community outreach options.

Services

- TWU operates several clinics, centers, and institutes: Dental Hygiene Clinic; Counseling and Family Therapy Clinic; Exercise and Sports Nutrition Clinic; Speech, Language, and Hearing Clinic; Stroke Center, Dallas; Music Therapy Clinic, Institute for Women’s Health Power of a Healthy Woman Symposium; CAFFE Dysphagia Clinic.

Educational Programs (continued)

- The Social Work Program at TWU, one of the first two baccalaureate programs in the state of Texas to be initially accredited by the Council on Social Work Education in 1974, has retained this status since that time and is fully accredited through the Spring 2005 semester.
- The School of the Arts offers typographic bookmaking and hand made paper courses among its listings, and houses a computer lab consisting of sixteen up-to-date workstations with full graphics capability.
- According to the 1997 report issued by the American Association of Colleges for Teacher Education (AACTE), TWU ranks among the top 10 suppliers of school administrators in the nation. In addition, the university ranks eighth in teacher education productivity and ninth in total productivity out of thirty-three Texas institutions reporting.
- The School of Library and Information Studies is the oldest continuously accredited library school in the Southwest.
- The Department of Health Studies and the School of Library and Information Studies offer a dual master’s degree through which students can earn two master’s degrees simultaneously in forty-five credit hours.
- TWU is among the leading providers of health care professionals in the state and the nation. The university’s Institute of Health Sciences offers programs leading to bachelor’s, master’s, and doctoral degrees through the College of Health Sciences, College of Nursing, School of Occupational Therapy, and School of Physical Therapy.
- The College of Nursing is one of the oldest and largest in the United States, and the pass rates on the national nursing licensure exam are among the highest in the nation.
- The School of Occupational Therapy is the largest in the nation. It has the only post-professional master’s program in Texas, and the only doctoral degree program at a public university in the United States. The master’s degree program is ranked in the top 10 occupational therapy programs nationally, and recently, the Princeton Review rated TWU’s School of Occupational Therapy among the best distance learning graduate schools in the United States.
- As recognized by U.S. News and World Report for four years in a row, the School of Physical Therapy has one of the leading programs in the United States. The TWU program was the first Master of Science degree program in the state and is one of only six doctoral programs in the nation.
- TWU offers an interdisciplinary program in exercise and sports nutrition at the master’s level.
- TWU offers an interdisciplinary science master’s degree program for elementary school teachers under a FIPSE (Fund for Improvement of Post Secondary Education) grant. The program will increase the competence of school teachers in laboratory science content and methodology, which will enhance scientific literacy among children.
- TWU offers the only Ph.D. in physical therapy in Texas.
- TWU offers an online Ph.D. program in Nursing Science.

Research

- Areas of research: stroke, osteoporosis, teen pregnancy, diabetes, sexual reproduction, sensorineural deafness, synthesis of rRNA in yeast, women’s health, (funded sponsored projects $5 million).
- Research facilities: microbiology lab, animal care facility, motor learning and control lab, biochemistry lab, motion analysis lab, the aphasia center, and textile research lab.
- Faculty in the Department of Nutrition and Food Sciences conduct research in food sciences and sensory testing sponsored by the Texas Food and Fibers Commission.
- The National Institutes of Health, through the Extramural Associates Program, has awarded a second three-year grant for the development of the infrastructure for research at the TWU Institute of Health Sciences Houston Center.
- A project funded by the National Science Foundation (NSF) links support for research to curriculum development in the teaching of advanced biology courses. The project requires the cooperation of several faculty members in the integration of some traditional courses into a coherent sequence of team-taught course offerings. This Career Development Award presents an opportunity for younger faculty to influence the curriculum process.
## Distinguished Alumni

The Distinguished Alumni recognition program was initiated in 1969 and to-date has recognized one-hundred-thirty-one alumni for their accomplishments. Following is the list of distinguished alumni by year of recognition.

Cornaro Award Recipients

Named for Elena Lucrezia Cornaro Piscopia, the first woman in history to receive a university degree (from the University of Padua, Italy, in 1678), the Cornaro Award for Excellence in Teaching is made by a peer committee in recognition of outstanding commitment to scholarship and the advancement of learning.

1978 Ethelyn Davis, Ph.D., Professor of Sociology and Social Work
1979 A. Elizabeth Taylor, Ph.D., Piper Professor of History and Government
1980 Aileen Lockhart, D.Sc., Ph.D., Piper Professor of Dance and Physical Education
1981 John W. McFarland, Ed.D., Professor of Counselor Education and Personnel Services
1982 Clifton T. Sparks, Ph.D., Professor of Counselor Education and Personnel Services; Dean, COE
1983 Clarice Garrett, Ph.D., Professor of Fashion and Textiles
1984 Robert Fuerst, Ph.D., Professor of Biology
1985 Lavon B. Fulwiler, Ph.D., Professor of English
1986 Rose Spicola, Ph.D., Professor of Curriculum and Instruction
1988 Jane Mott, Ph.D., Professor of Dance and Physical Education
1989 John Christy, Ph.D., Professor of Mathematics
1990 Paul Thetford, Ph.D., Professor of Psychology
1991 Mona S. Hersht-Cochran, Ph.D., Professor of Business and Economics
1992 George H. Stewart, Ph.D., Professor of Chemistry
1993 Martha H. Swain, Ph.D., Professor of History
1994 Turner Kohler, Ph.D., Professor of English
1995 Betty B. Myers, Ph.D., Professor of Kinesiology
1996 Judith M. McFarlane, D.P.H., Professor of Nursing
1997 Betty B. Alford, Ph.D., Professor of Nutrition and Food Science; Chair, Nutrition and Food Science
1998 Margaret Griffin, Ph.D., Professor of Reading and Bilingual Education
1999 Lynda Uphouse, Ph.D., Professor of Biology
2000 Delaina Walker-Batson, Ph.D., Professor of Communication Sciences and Disorders
2001 Billie J. Askew, Ph.D., Professor of Reading
2002 Glen Jennings, Ed.D., Professor of Family Sciences
2003 Valentina J. Beltifgio, Ph.D., Professor of History and Government
2004 James E. Johnson, Ph.D., Professor of Chemistry and Physics
2005 Ronald French, Ed.D., Professor of Kinesiology
2006 Susan Chaney, Ed.D., Professor of Nursing - Dallas
2007 William B. Cissell, Ph.D., Professor of Health Studies
2008 Jim Alexander, Ph.D., Professor of History and Government
2009 Michael J. Wiebe, Ph.D., Professor of Teacher Education
2010 Phyllis Bridges, Ph.D. Professor of English, Speech and Foreign Languages
2011 Penelope Hanstein, Ph.D., Professor of Dance, Chair, Department of Dance
2012 Paula Ann Hughes, Ph.D., Professor and Director, School of Management
2013 Claire Sahlin, Ph.D., Professor and Chair, Women's Studies
2014 (no award)
2015 Anne Davis Simpson, Ph.D., Professor of Reading
2016 Susan Kae Grant, M.F.A., Professor of Art
2017 Susan Seward, Ph.D., Associate Professor of Nursing
2018 Pamela J. Youngblood, Ph.D., Professor of Music
2019 Richard Sheardy, Ph.D., Professor of Chemistry and Biochemistry

Mary Mason Lyon Award Recipients

The Mary Mason Lyon Award is named for the founder of Mount Holyoke, the first (1837) women’s college in the United States. This annual award recognizes teaching, research and service by junior faculty members who have been at TWU from three to seven years, and who have no more than ten years of university teaching.

1985 Janice D. LaPointe-Crump, Ph.D., Associate Professor of Dance
1986 Susan Kae Grant, Ph.D., Assistant Professor of Art
1987 Delaina Walker-Batson, Ph.D., Associate Professor of Communication Sciences
1988 Michael H. Droege, Ph.D., Assistant Professor of Biology
1989 Jacqueline Mitchell, Ph.D., Assistant Professor Counselor Education and Personnel Services
1990 John Calabrese, Ph.D., Associate Professor of Art
1991 Gloria J. Green, M.S., Instructor in Physical Therapy
1992 Jean Cole Spencer, Ph.D., Associate Professor of Occupational Therapy
1993 Charlotte Feicht Sanborn, Ph.D., Associate Professor of Kinesiology
1994 Frances Ann McTorm Thompson, Ed.D., Associate Professor of Mathematics
1995 Sarah A. McIntire, Ph.D., Associate Professor of Biology
1996 Billie J. Askew, Ph.D., Associate Professor of Reading and Bilingual Education/Director of Reading Recovery
1997 Scott M. Hasson, Ed.D., Associate Professor of Physical Therapy—Houston Center
1998 Janice Killiam, Ph.D., Assistant Professor of Music
1999 Frank Thomas, Ph.D., Assistant Professor of Family Science
2000 Jean D. Barbour, Ph.D., Assistant Professor of Educational Leadership
2001 Susan E. Ward, Ph.D., Associate Professor of Health Studies
2002 Katherine Lynn Wieck, Ph.D., Assistant Professor of Nursing
2003 Faculty Award Committee made no recommendation for Mary Mason Lyon Award in 1997
2004 J.J. Meeuwsen, Ph.D., Assistant Professor of Kinesiology
2005 Susan Masters, Ph.D., Assistant Professor of Family Science
2006 Maureen Simmonds, Ph.D., Associate Professor of Physical Therapy
2007 Mary Williford-Shade, M.F.A., Assistant Professor of Performing Arts-Dance
2008 Eva Doyle, Ph.D., Associate Professor of Health Studies
2009 Alfred Guy Litton, Ph.D., Assistant Professor of English, Speech, and Foreign Languages
2010 Pamela Youngblood, Ph.D., Assistant Professor of Performing Arts-Music
2011 Cynthia Gill, Ed.D., Assistant Professor of Communication Sciences and Disorders
2012 Melinda Holt, Ph.D., Associate Professor of Mathematics and Computer Science
2013 Kyle Biggertstaff, Ph.D., Assistant Professor of Kinesiology
2014 Faculty Award Committee made no recommendation for Mary Mason Lyon Award in 2004
2015 David Nichols, Ph.D., Assistant Professor of Kinesiology
2016 Shannon Rich, Ph.D., Associate Professor of Psychology and Philosophy
2017 Rebecca Estes, Ph.D., Associate Professor of Occupational Therapy
2018 David Rylander, Ph.D., Assistant Professor of Marketing
2019 Junehee Kwon, Ph.D., Associate Professor of Nutrition and Food Sciences
2020 Toni Rodd, Ph.D., Assistant Professor of Physical Therapy
