

Record of PhD Student Publications & Presentations

Please bring this completed form with you to your final oral dissertation defense. Committee members will not sign off on your dissertation without this completed form.

1. Peer-reviewed presentations (please list all presentations during your time of doctoral work at TWU)

For each presentation, provide the following:

- Author(s)
- Title
- Name and location of conference/symposium (Ex. CSM in Indianapolis)
- Date (month/year)

Example:

Blume C, Wang-Price S, Trudelle-Jackson E, Ortiz A. Effectiveness of concentric versus eccentric rotator cuff and scapular muscle progressive resistance exercises in adults with subacromial impingement syndrome. *APTA Combined Sections Meeting, Feb 2015; Indianapolis, IN.*

2. Peer-reviewed manuscript submissions (please list all manuscripts submitted during your time of doctoral work at TWU)

For each manuscript/publication, please list the following:

- Status (not published, in review, or accepted)
- Citation for the manuscript/publication (even if not published)

Examples:

Trudelle-Jackson E, Morrow JR, Leonard D. Musculoskeletal risk factors as predictors of injury in community-dwelling women. *Med Sci Sports Exerc*, 2014;46(Sept): 1752-1757.

Trudelle-Jackson E, Morrow JR, Leonard D. Musculoskeletal risk factors as predictors of injury in community-dwelling women. *Med Sci Sports Exerc (in review)*.

NOTE: If you submit additional manuscripts or have a presentation accepted AFTER your oral dissertation defense but PRIOR to graduation, please let us know and send us the citation.
