## Student Degree Audit

### Instructions for Running a Degree Plan Evaluation

---

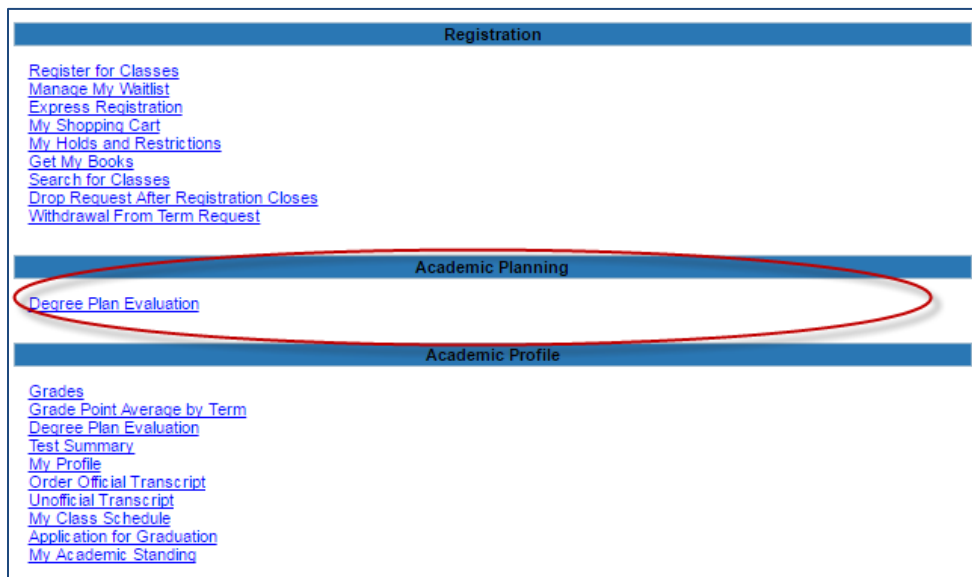

As a TWU student, you can review your personalized, evaluated degree plan at any time through WebAdvisor. The degree plan evaluation will show all of the requirements needed to complete your current degree program, courses you have already completed, and remaining courses still needed.

In addition, you can run a “what-if” evaluation on a different program based on the coursework you have already completed. This allows you to compare your progress should you decide to change majors.

#### How to Run an Evaluation

1. Log into WebAdvisor and go to the main student menu. On the right hand side you will see a section titled “Academic Planning” with a link to “Degree Plan Evaluation”:

2. Click on the “Degree Plan Evaluation” link. [Degree Plan Evaluation](#) 
3. In the next screen, you can either choose to run your degree program evaluation on your current academic program, or you can choose to run it on a different program if you are considering changing your major.

**Program Evaluation**
